February 24, 1989

## Admissions Reports Increase In Applicants

By Beth Shapiro

Many colleges and universities in the Philadelphia area and across the country are reporting a decline in the number of submitted applications to their respective institutions. Beaver, however, is experiencing the opposite. The most recent figures for the 1989-90 academic year suggest an increase in applicants of 12-16%.

An article in a recent Philadelphia Inquirer stated that University of Pennsylvania, Harvard, Yale, Drexel, Bryn Mawr, Bucknell, Penn State and others are receiving fewer applications than in previous years. Like Beaver, a few other colleges in the area, such as Swarthmore and Villanova, are also reporting increases in numbers of applicants. Percentage wise, however, Beaver has higher numbers.

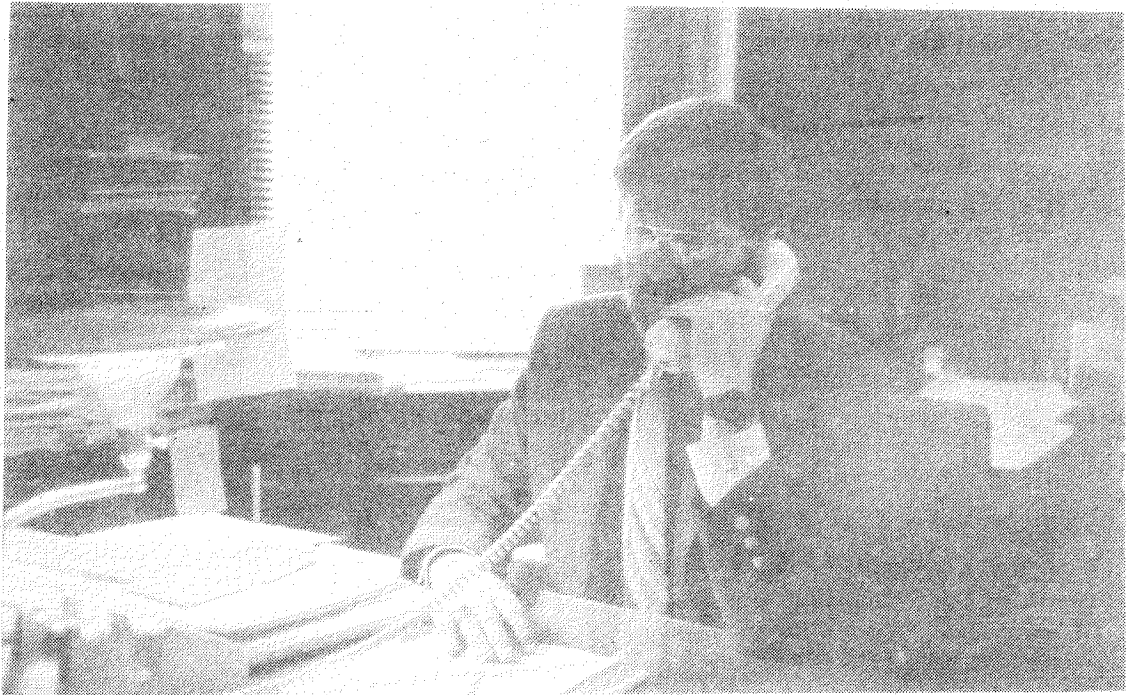

Speculation places the reason for the increase with high ratings in the U.S. News and World Report magazine poll from October 1988. All three colleges ranked high on their respective lists. The decline has been attributed to smaller high school graduating classes, due to fewer numbers of people in that age bracket in the general population.

According to the article, it is predicted that from 1988-1992, there will be approximately 250,000 fewer high school graduates in Pennsyl-

vania and approximately 18,000 fewer in New Jersey. The northeast region is expected to be hit hardest due to declining birth rates and high emigration to other parts of the country.

In an interview with Neil D. Holtzman, Dean of Admissions, I learned of other reasons why Beaver is experiencing a rise in the numbers. There is a high level of uncertainty about being accepted to the very prestigious colleges, which leads to people sending out more applications, to be on the safe side. Dean Holtzman pointed out that there may not be more people applying, but people are sending out more applications. Besides more applicants, Beaver is also receiving a higher number of inquiries. With all the conflicting statistics, there is more work and less predictability and certainty about next year's freshman class.

Current high school seniors who have been accepted can expect to receive telephone calls from faculty mentors and members, admissions, and students. They will receive information by mail and their parents may hear from a Board of Trustees member. The students also have the option of visiting the campus on a tour, for an interview or spend a day here. If using a VCR is their preference, they can watch the prepared video about

Neil Holtzman, Dean of Admissions

the College.

This year new brochures and a new viewbook were created. Dean Holtzman believes that their presence has also aided the recruiting effort. The College does not want to be like a machine and overburden the student; it does want to give prospective students as many opportunities, though, to learn about what it has to offer. Recruiting students is very important, but retaining them is also a high priority. The Dean wants students to feel like they were treated as adults and with respect, from their first inquiry;

hopefully, those feelings will continue during all four years.

The College does not plan on relaxing any of its criteria in order to attract more students. In order for a student to be accepted, Admissions first looks at the student's academic record. The record includes:

1. the degree of competitiveness of the student's high school;
2. courses selected in high school;
3. patterns of grades.

The College also examines SAT scores, recommendations, work, extra-curricular

activities and interviews. All aspects of a person's life are considered, in order to give the student the fairest possible chance.

Dean Holtzman does not believe that the choice to cancel the overnight portion of Background at Beaver Day will hurt the numbers. Instead, the Day on Campus program has been expanded to include an overnight option. He also mentioned that enrollment is not solely Admissions' responsibility. The College has to have its product be consistent and acceptable in people's minds for any recruiting to work.

## Security Captures Peeping Tom

By Beth Shapiro

On Wednesday afternoon, February 8, 1989, Darryl Robinson was arrested by Cheltenham Police Officer David Sparks for Peeping Tom actions. According to Beaver College Chief of Security Joe Calogero's incident report, the following activity occurred:

A female employee of the College using the women's restroom located on the first floor of the Classroom Building, spotted Robinson in the bathroom at the same time as her. When asked what he was doing, Robinson left. The staff member then followed him and watched as he left the Classroom Building and entered the library.

Once he was in the library, the employee called Security to report the incident.

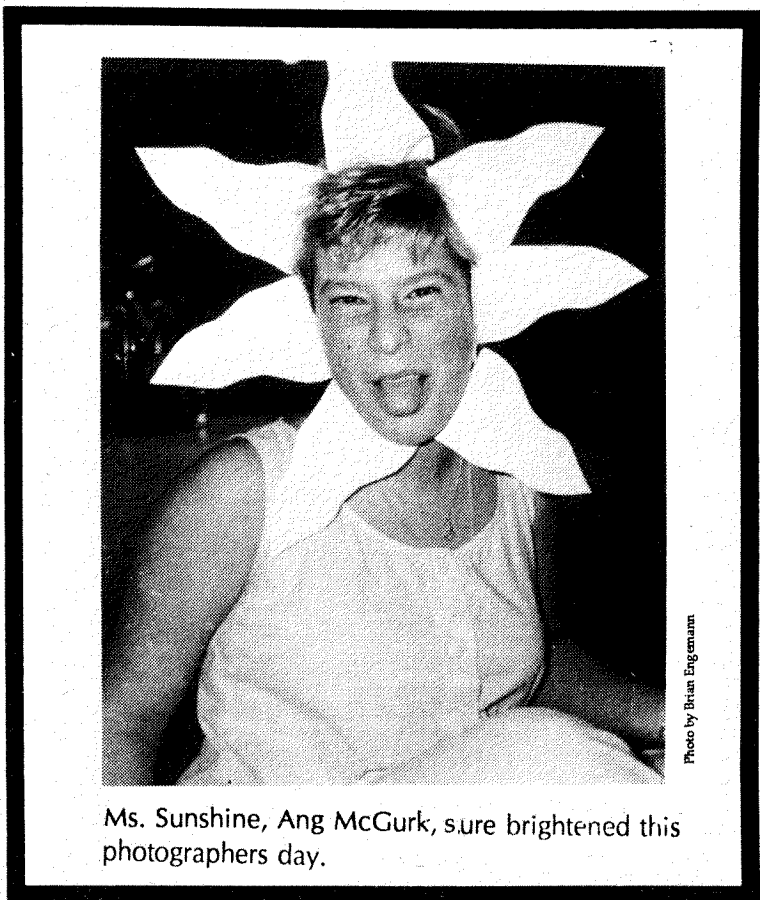

Calogero took the call and forwarded the information to the Cheltenham Township Police Station, requesting assistance. He then radioed for another security officer to accompany him and the two proceeded to the library. Once in the library, the two officers saw Robinson and asked him to come with them to the library foyer, which he did.

While in the foyer, Robinson admitted to having entered the women's bathroom in the Classroom Building. A couple of minutes later Police Officer Sparks arrived and confirmed Robinson's identity. At that point, Robinson was arrested and later taken to Cheltenham Police Headquarters. The female employee and a second witness were also questioned about

the incident and asked to identify Robinson, which they did. At headquarters, Robinson was charged in front of Justice L. Leader where bail was set for \$10,000. Unable to pay, Robinson was sent to Montgomery County Prison, and a hearing was set for the following week.

On February 13, a hearing was held concerning Robinson's immediate future. It was decided that he will undergo psychiatric treatment for a minimum of 60 days at a mental institution. After his treatment ends, Robinson will once again appear before Justice Leader; she will then determine whether he will be allowed to go or be put on trial. According to the report, Justice Leader informed Robinson that if he

Ms. Sunshine, Ang McGurk, sure brightened this photographers day.

# Board of Trustees Report

By Beth Shapiro

On Certain Fridays each semester you may find fewer parking spaces and more cars on campus. Though an inconvenience for a number of hours, there is a good reason for the problem. The College's Board of Trustees meets every two months to discuss matters directly associated with the College's future. As SGO Chancellor, one of my responsibilities is to attend these meetings on behalf of all students.

The most recent meeting was held on Friday, February 17. As in the past, I prepared a written report for the Board. To truly represent the student body fairly and equally, I asked other undergraduates for input concerning my agenda; I have mainly consulted senators and club officers. In previous meetings this academic year, I discussed issues such as the quality of the food, the lack of parking spaces, our search for a mascot, and other major student concerns. To be com-

pletely partial is difficult, but I try not to give a skewed report in any direction. The board members seem to appreciate hearing both positive and negative comments. In fact, after mentioning our dissatisfaction with the food, I saw the Chairman of the Board eating in the cafeteria. At the last meeting, I mentioned a number of issues with the main ones being the Castle's upkeep, condom machines and the Student Activities Center. I also stated that the food has become more accommodating, especially to vegetarians.

They were especially interested in the condom machines. Since I have brought up the issue before, they wanted to know why there has been a delay in their installation. Many students have posed that same question. To respond to other issues of great concern, there is a Board of Trustees Student Affairs Committee, made up of one or two board members, the Dean of Students and a number of students.

Another way that students can tell the Board their opinion on what needs to be done is to compile a list of specific priorities. For example, we might say that we strongly believe we should have an athletic facility on campus and would like to know how much it will cost. President Landman has compiled a list of priorities, but they are a bit more theoretical. They include sending more Beaver students abroad, closing the male-female ratio in an effort to truly become coeducational, attracting more minority students and employees and establishing a stronger financial base enabling the College to move forward. The president indicated a vary strong commitment to fulfilling the students' needs.

One possible change aimed towards giving the Beaver student a better education included spending a semester off campus, either abroad, working or at another university. She also is aware of

our need and desire for an athletic facility. However, when that awareness becomes a reality is still undecided as funds have to be raised.

In order to present the Board with a solid list of priorities, I need your help. What do you believe to be the ten most important and pressing issues on campus? They can be theoretical or

specific. Whichever category they fall into does not matter; what does matter is your input. Talk to your senator or to me directly. I will take all suggestions and list them in a chronological order, as indicated by your preference. Please, tell me what you want, so we can demonstrate our dedication to the College is not just hot air.

# What's New In SGO

By Joel Rosen

Hope everyone is enjoying their semester so far. SGO had a promising turn out for its first meeting on February 7th. All the senators in attendance showed eagerness to get down the business for the new term. Two new clubs were introduced - the Communication Club and the Irish Club. On February 21, our next meeting, we will be discussing the bylaws of both clubs.

SGO is participating in the biggest and most exciting event this spring. Yes, it's coming; the Beaver Blitz. If

you like various types of music, having a good time and being with our friends, then the Blitz is for you. Look in your mailboxes for information and ways to get involved. The Students Activities Center (SAC) is almost

ready for use. We're planning to paint club names onto the doors of the individual club offices on Dilworth's ground floor, and a mural will be painted on the walls outside those rooms. Give your ideas to an SGO senator or officer.

It's almost time for our annual phonathon. We would like the clubs and individuals to give their full support.

The phonathon will be held on Sundays, Mondays and Tuesdays during February and March. Contact Judy Ron at X2098 if interested in helping out.

Beaver College has the go ahead to install condom machines on campus; however we are not yet sure where they will be located. The idea of getting a MAC machine on campus is still being considered.

June 1st - 3rd are the dates for The Fifth National Conference for College Women Student Leaders' 1989 Conference. George Washington University is hosting this event in Washington, D.C. If you are interested in attending the conference, please contact the Student Affairs Office at X2933.

All are encouraged to attend the SGO meetings. If there is one you cannot make, speak to your senator about ideas, comments and suggestions for improving college life. Talk to us, or we will know what's going on. The meetings are held on Tuesday at 4:10 in Boyer Calhoun Amphitheater. This is our schedule:

February 21, March 7, March 28, April 11, April 25 & May 9.

Remember, we welcome your input.

# WBVR

By Wes Krail

The campus radio station, WBVR 640am, is in need of DJs for the current spring semester and will be going on the air shortly. We are willing to give almost anyone the chance for their own air time. The station has been operating for nearly a year now and has trained every DJ who has hit the airwaves. The training period is relatively short and quite simple. Basically if you can work a standard stereo system you can be a DJ.

The station's equipment includes two turntables, one compact disc player, and a cassette player. There is a very small record library that is growing a little each day which DJs can use, but for the most part they are

forced to use their own music.

As for the style of music played, it ranges greatly and because we are only a carrier current station there are few if any restrictions as to what can be played over the air in their two hour time slots.

The station can be reached by tuning into 640am on any radio that is plugged into the wall. For better reception, plug your radio directly into the wall instead of using an extension cord. Extension cords will divide the strength of the signal in half.

The station is always looking for help or new ideas so if you have any questions or comments contact Wes Krail or Dan Rhodes at x2355 or 877-4329.

# The Phonathon Is Back

Does talking on a phone for three hours and not having to pay the bill sound like fun to you? If so, the Annual Fund Drive Office wants you! The 1989 Phonathon will be held Feb. 26-28, March 5-7, and March 12-14.

Students are still needed to man the phones. If you're interested call the Annual Fund Office at X2124. Pizza, hoagies and other goodies will be free to everyone who

works. Free gifts and prizes will also be awarded!

Call today to be part of the fun and support the Annual Fund Drive!

1989 Phonathon Schedule

Sunday, February 26, 1989

2:00 p.m. - 5:00 p.m.

6:30 p.m. - 9:30 p.m.

Monday, February 27, 1989

6:30 p.m. - 9:30 p.m.

Tuesday, February 28, 1989

6:30 p.m. - 9:30 p.m.

Sunday, March 5, 1989

2:00 p.m. - 5:00 p.m.

6:30 p.m. - 9:30 p.m.

Monday, March 6, 1989

6:30 p.m. - 9:30 p.m.

Tuesday, March 7, 1989

6:30 p.m. - 9:30 p.m.

Sunday, March 12, 1989

2:00 p.m. - 5:00 p.m.

6:30 p.m. - 9:30 p.m.

Monday, March 13, 1989

6:30 p.m. - 9:30 p.m.

Tuesday, March 14, 1989

6:30 p.m. - 9:30 p.m.

# Question and Answers

## "Why Should Dave Letterman come to Beaver College?"

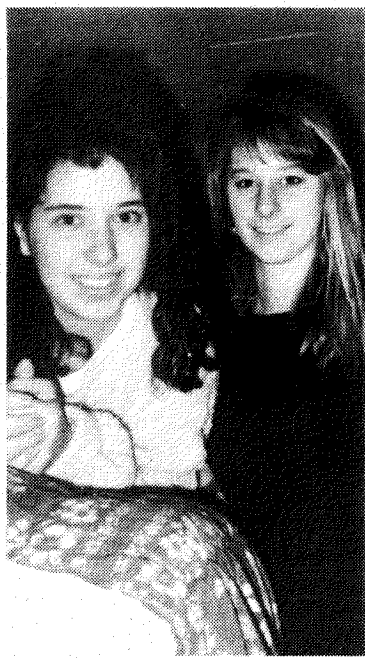

Photos by Brian Engemann

**Tim Quan**  
Sophomore  
"So he can understand why Beaver is better than bigger"

**Randy Tammara**  
Senior  
"Because it's time for him to have some "BEAVER" on his stupid pet tricks."

**Mary & Beth**  
Freshmen  
"It would give us free publicity, and add excitement to the Beaver Blitz."

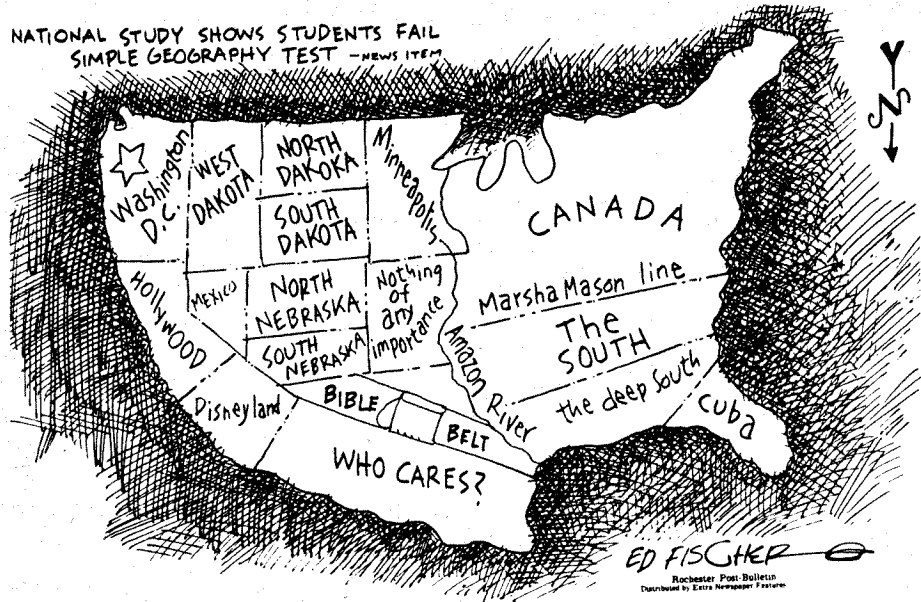

**Marjun Ayati**  
Sophomore  
"He knows how to make fun of people. And, he's funny when he does it."

**Laura Vermilyea**  
Junior  
"It would put us on the map, and make us better known as a school. Plus, maybe we'll be on T.V."

# Beaver Blitz Is Almost Here

By now I hope you have all heard of **Beaver Blitz**. If not, this is your lucky day! The **Beaver Blitz** is an idea that was hatched early in the fall semester as a way of bringing the campus together and putting us on the map. We'd like to get everyone involved. The **Blitz** is set for April 27th and 28th (Woodstock is on the 29th) and is a bunch of spring fling activities that will be a lot of fun and a great way to relieve the Spring Semester Blues!

A steering committee was formed and consists of Gretchen Hauselt, Karen Rossi, Chris Rizza, Hope

Zeitz, Dinita Dancey, and Dean of Students, Larry Roper. They have been hard at work planning the events. The festivities will start on Thursday the 27th with a Lip Sync/Variety Show that will be sponsored by RHC and there will be an SPB dance Friday night. They were the only two definite events at press time but a meeting was held on the 22nd of February to form committees for a carnival for Friday, a promotion and publicity committee, a funding committee, a David Letterman letter campaign committee, and a logistics and ar-

rangements committee. There are still plenty of spots open on the committees and every bit of help would be appreciated.

There is one thing that the steering committee needs help on the most—the David Letterman campaign. The committee is trying to get David Letterman to visit Beaver at the lip sync/variety show. They need your help!! They're asking every student and faculty/administration member to

write to Dave to convince him that Beaver is the place to be on the 27th of April. The lip sync/variety show is taking on a Late Night at Beaver format and having Dave in person would make the night even better. In the future, you will see many different ways that you can get in touch with Dave and everyone involved would appreciate your help! You can start with returning the form of top ten reasons why Beaver should be on the map so

that we can pass it along to Dave possibly in the form of a t-shirt that could also be sold campus wide. If you have any questions or would like to become a member of the **Blitz** simply contact one of the following: Gretchen Hauselt-x 2357; Chris Rizza-x2355; Karen Rossi-x2356; Hope Zeitz-x2358. We need you to help make the **Blitz** the best thing that ever hit Beaver!!

## "Legal' Cooking With Steph and Sue"

By Steph Paxson and Sue Dykes

Welcome back to our kitchen. We hope you enjoyed your winter break. Now onto the recipe. Today's recipe is for making Krispie Treats in your hot pot. These are the ingredients you will need:

- 1/2 a bag of mini-marshmallows
- 1/2 box of Rice Krispies (12 oz. box)
- 7 pats of butter from the cafeteria (or from anywhere else)

First grease a plate or a pan with one pat of butter. Next, melt the marshmallows with the rest of the butter in the hot pot. From there you add half the Rice Krispies into the hotpot and stir. After stirring the Rice Krispies, pour the mixture from the hotpot onto your plate or pan and mix in the rest of the Rice Krispies. And lastly,

you let the Rice Krispie treats cool off and then you can eat. Here's an extra little tip in case you think this recipe is too messy. Instead of melting the marshmallows directly in your hotpot, fill your hotpot halfway with water, put an empty jar over the hotpot and melt the marshmallows in the jar. It makes cleaning up much easier. At this point I would like to thank Penni Burkam for giving us this wonderful recipe and helpful hints to make preparing it easier. If anybody else has any recipes just put them through the campus mail addressing it either to Steph Paxson or Sue Dykes.

We are sorry to say but that is all we have for this week. We promise the next issue will contain at least two recipes and more helpful hints. Until the next tissue "Bon appetit!"

Bob Edwards, Director of The Physical Plant, discusses the dorm's heat problems.

COMPLETE, CLIP, AND RETURN TO THE TOWER VIA THE MAILROOM!!

# Basketball Wrap-Up

By Ingrid Riegler

The 1988-89 Mens Varsity Basketball team under first year coach Bob Bendig, has completed its season. The team finished its season with 10 wins and 18 losses. Beaver finished in fifth place overall in the conference just missing the playoffs.

Big wins this season came against Penn State Capitol, Wilmington, and Galludet. However, the biggest win came most recently against Valley Forge Christian. The

team won 72-71 coming back from a deficit of as many as 10 points in the second half.

A big boost to this years team was newcomer Mike Giuliani. Mike was a leading scorer with an average of 33.3 points a game and the leading rebounder with over 15 per game.

Graduating seniors from the team are Thomas Schumaker, Paul Lowry and Brian Thompson.

Contributing players were Drew Bradley, Glenn Tener, Gregg Rosenfeld, Cisco Cer-

rano, Rob Scott, Brian Gallagher, Robert "Nemo" Nemerofsky, and Ray Johnson.

Also strong support for the team came from all the loyal spectators who came out to cheer the Beaver guys on!

When asked about next year's season Mike said, "Since most of the players are returning next year, we should have a good season, especially with the talk of two new players coming to play for us next year!"

Continued from page 1 leaves the mental health program before doctors decide he is ready, she will put him back in prison.

Robinson has had prior arrests dating back to when he was a juvenile; some of his priors include peeping tom actions. This incident however, marks the first time he was ever put in prison. He also has a twin brother; the two have been known to interchange their names and identities on occasion.

In an effort to keep security levels at their highest, I held an interview with Calogero. To insure quick responses by a security officer, as described above, the person witnessing an incident has to call security (x2999) right away. If the guards are patrolling on one side of campus, they will not necessarily hear something happening on the other side. Yet a dispatcher is always available, and once the call is received it is passed on immediately to an officer. When you call, be sure to give as much information as possible, but especially your name, location and full description of everything going on around you. If there are any vehicles involved, try to

get a license plate number. If people are involved, try to give a thorough description of them. Security needs your name in case they have any follow ups or need to confirm something. Other suggestions for better protection include some common sense measures:

\*BE AWARE OF YOUR SURROUNDINGS

\*DO NOT PROP DOORS  
\*BE CAUTIOUS WHEN LEAVING YOUR ROOM - IF GOING OUT, CLOSE YOUR DOOR

Some changes with Security have been occurring as well. All students should have received a brochure in their mailboxes about ACT 73 and other security measures. Security officers now have photo-id's taken, while in uniform. They have to wear them at all times, so if you see an officer without his, say something. There are currently 17 security officers patrolling the campus. More guards are on at night than in the day. And certain officers have been assigned stake out type patrols.

If you have any questions or suggestions about security or security personnel, speak to your RA, CA or Calogero himself. They will follow through, but they will not know what is bothering you if you do not tell them. The Security office is located on the ground floor of Thomas, near Physical Plant.

## The Beaver Mascot It's A Grey Knight

By Gretchen Hauselt

The results are in. Beaver College is getting a mascot. A Knight is the lucky winner. Why a knight? Well, Beaver athletic teams are known as the Knights so a knight costume was the logical choice. I know that some

of you out there are extremely disappointed that it is not Beaver costume or a hamster costume or anything else along those lines but think about it. Isn't a knight the most logical choice afterall? I knew that you would agree. Once the costume is pur-

chased and all of the details are worked out, tryouts for the energetic, enthusiastic, exuberant, and extra-special person to don the costume will begin. If you are the person, keep your eyes and ears open for the announcement and good luck!

## The Outriders Awaken The Dam

Photo by Karen Leong

Cheers filled The Dam, at The Outriders recent performance.

By Kerry Costello and Tammy-Sue Gillespie

It was another Thursday night at the Dam. The clock read 9 p.m., and the Chat was stirring with about 100 people, talking among themselves, wondering what was in store for them. The minutes ticked by, until the clock read 9:15, then, as the lights grew dim, and a sudden hush filled the room, "The Outriders" burst up onto the

stage, filling the air with their music.

As the crowd went wild, "The Outriders" gave it their all. Each ending of one song, brought a huge round of applause and the beginning of yet another rocking number. Although, it had just been 9:15, it was now 11 p.m., and yet the Chat was still filled with eager listeners. Soon, not only were students listening to the music, but

they began to feel the rhythm of the music in their feet, and were up dancing to the beat.

No matter what kind of song, fast or slow, they played, "The Outriders" were well received by all. As they played into the morning hours, "The Outriders," proved their musical talent could not be outdone that evening.

## WBVR

The Radio Station will be reopening for the spring semester and will be looking for DJ's. No experience necessary. The station will provide the training and the equipment is easy to use. The station will operate from 11:00 AM until 2:00 AM Sunday through Friday. For more information call West Krail - X2355 or 887-4329.

## Senior Class

Cap and gown measurements will be taken Tuesday, March 7 and Wednesday March 8 from 12-1 and 5-6 in the Chat and Cafeteria. No payment is necessary.

## Junior Class

Keep your calendars open for April 21. The Junior class

"Almost There" dance is coming. There will be free mugs for all Beaver students.

## S.C.A.

Archery practice in the gym on Saturdays from noon-3 PM. Medieval Dance practice in Stiteler on Tuesday, February 21 from 7-10 PM. All are welcome to attend and/or participate!

## Western Riding Team

The Western Team had four shows in the fall semester. All of our shows are held in New Ringgold, PA. This spring there are three shows. Rutgers and Beaver are co-hosting two, Del-Val is the host of the other. Regionals are on April 15 and riders are already qualified. The Western Team is in just its second year of existence. Last year, in its first year, we went to Nationals. A beginner rider rode and placed eighth in the nation. If you want any information, contact Holly Luce at X2327.

## English Equestrian Team

The English Team had five shows in the fall semester. One of the shows was hosted by the Beaver team. This spring there are four shows at Lehigh, Wilson, University of Delaware and Rutgers. Regionals will be held on April 23 in nearby Doylestown. Anyone interested in watching Beaver riders compete can contact NATALIE SHOR X2359 or HOLLY LUCE X2327. Nationals will be held May 5-7 at Mt. Holy Oak, Massachusetts. The English Team has gone to Nationals two out of the last four years.

## AIBS- American Institute of Biological Sciences

AIBS opened last semester with a pizza party attended by approximately thirty people. The semester continued with visits from guest speakers including topics in DNA Plant-based Production, Ethics of Transplant Surgery and In Vitro Fertilization. We conclude the year

with a Christmas party and a movie and six-foot hoagie for a snack.

The new semester opened with a meeting on Thursday, February 16. Look for upcoming dates for more guest speakers, Baltimore Harbor trip and the Zoo trip. We'll keep you posted!

## SABA

February 19-Sunday movie "Wall Street" in the Chat at 7 PM SPB

March 2-Nancy Parker, Comedian, The Dam

March 11-Saturday Dance

March 13-Dinner Theatre in Castle Mirror Room

March 28-NORML speaks (again on Marijuana use)

April 6-Dr. Mort Perkwowitz, Hypnotist, The Dam

April 13-Bob Gardner, Magician/Comedian, The Dam

April 22-Trip to Cats in New York City

April 28-Beaver Blitz Dance

April 29-Woodstock

## Faculty Notes

Dr. Bill Biggs (Business) recently was elected to the Board of Directors of the Greater Willow Grove Chamber of Commerce. As a Chamber Director, Dr. Biggs will be responsible for the "government of the chamber, the direction of its works and control of its property," according to the executive director.

Dr. Hugh Grady's (English) book titled "The Modernist Shakespeare: Critical Texts in a Material World," has been accepted for publication by Oxford University Press.

Barbara Nodine (Psychology) has been nominated for the Governor's Award for Excellence in the Humanities.

Paula Marincola (Fine Arts) wrote an article on Philadelphia's art scene for the "Contemporanea," an international art magazine with office in Milan and New York City. The article mentions the Jennifer Bolande exhibition and the show for John Coplans and Nancy Hellebrand, both of which were held at Beaver College.

Ned Wolff (Computer Science) has been selected by the Dean's Office to represent Beaver in the American Association for Higher Education's (AAHE) Teacher Recognition Program. Dr. Wolff will attend the AAHE meeting and partici-

pate in roundtable discussions with approximately 100 outstanding teachers from around the country, talking about what makes powerful teachers and how institutions can enhance and extend their impact.

Jan Tecklin's (Physical Therapy) book "Pediatric Physical Therapy," has just been published by Lippincott.

Ellen Kaplan (Theater Arts) directed and performed in the Full Circle Intergenerational Theater Group production at the Philadelphia Free Library in February. As part of Reading Together Week, Barbara Bush attended the performance.

## By Heather Nethen

Did you know that ...

Right now there is a search going on for someone who is interested in becoming the mascot?

That dryers are now 25¢.

The new name of the bookstore is Simply Supplies?

With the beginning of the spring semester came some changes on and around our campus.

For those of you who have been waiting, the condom machines have been approved for the bathrooms and will be installed this semester.

In the cafeteria there is now a smoking and a non-smoking section. There have

also been rumors of vegetarian dishes being served. For anyone who is interested in getting soup at the chat; it can be purchased in the faculty chat.

Around the campus: Blake is now being used for art classes. The sloping soccer field will undergo construction to be levelled off. And there is a possibility of getting a new parking lot where the volleyball courts presently are.

For those employed by the school, good news. Minimum wage has been raised from \$3.35 to \$3.70. The \$3.70 rate applies to anyone who worked in February and will start on the March 15th pay-checks.

## Trivia Corner

### By Eric Brager

Answer these following trivia questions for free pizza. Just write your answer in the space provided and send it to Eric Brager via campus mail. A winner will be drawn from all correct entries, and all of the answers must be exactly correct. The answers and winner will be announced in the following issue of **The Tower**. All entries must be received by March 1, 1989. Good luck!

1. How many times has Beaver College gone Co-ed, and when?
2. How many books are in the Library?
3. What are pencils made of?
4. What was Spruance used for under the original owner?
5. How much did the College pay for the Castle and in what year was it purchased?
