Finale: allegro con fuoco

The symphonic intensity of a rising arpeggio, the mighty crescendo of percussive strength, the great sweetness of stringed melody overflow into a hushed silence at the conclusion of the finale movement—*allegro con fuoco*.

The graduating class of 1941 has come to its Commencement—to the time that is for them both an introduction and a finale.

There is nothing here for tears—no place for sentimentality and sugared softness—no time for fond memories or for pink-candy reminiscences. It is truly the breathless pause, the “hushed silence” which has marked the end of the finale, and yet the poignant silence which is but a quiet prelude to a more majestic symphony lying a few minutes away in the future.

A finale and a prelude it is—an end and a new beginning.

We have learned to live, most of us—to live fully, intensely, skillfully, and sweetly; and to speak softly of a life which is tenderly young and beautifully, creatively strong.

It is well if we have brought to fulfillment the ideal of the college for its students: “To learn how to live and how to make a living.” The two parts are synonymous, however, and “making a living” is merely a manifestation of potential “living.”

A potentiality tempoed *allegro con fuoco*—because it is a stirring time, an interesting time, and a sadly dramatic time in which to live. And we are aware that great courage and a fiery, passionate hope will be required of us. And we know that in our lifetime the world will need intelligence to guide it, but more than intelligence, it will need the emotion of humanity to lead it into safety.

The nations are at war again as this senior class graduates. The nations are at war again—in a desperate death-struggle which pulls the world to and fro as the upheaval of a mighty earthquake shakes the foundations of brotherhood among nations. There is no escape, no peaceful tower of ivory in all the world. There is only confusion in the best of our thinking. In what manner are we to shape our thoughts?

* * * *

We are not optimistic. It is not enough to believe that “the good will win; right will triumph.” “Good” is a little word, one not applicable to the international situation where evil is fighting evil; and a delicate word, one which is banded about unthinkingly by the cheaply sentimental and the falsely optimistic.

It is not enough to ignore, as the optimists do, the pitiful, misguided chirpings of the appeasers—a menace to be combatted only with conviction and determination. It is not enough to be “cheerful and full of hope”—facing death and destruction and devil-ridden odds requires of a man no cheerfulness, but only courage. We’ve got to fight—spiritually and mentally, perhaps physically; we’ve got to live God-like and we’ve got to fight for a “good” liberty.

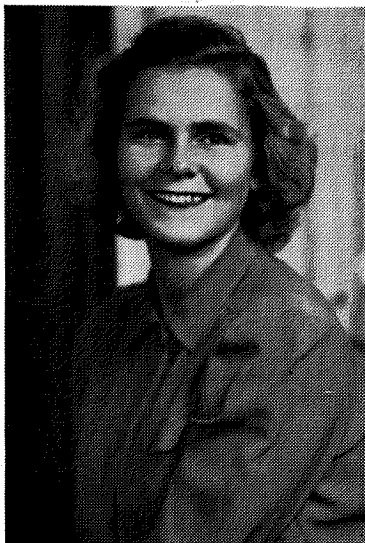

We are not pessimistic. For have we not been taught to “live”, to breathe freely, to speak openly, to dream beautifully; have we not been taught to believe, with faith and trust, in the eternal, unchanging values? There is safety in the hills which lie beneath the sky; there is freedom in the ceaseless murmur of the rhythmic sea; there is peace sheltered in the silent hearts of men; there is beauty in creativeness.

We are not indifferent. Surely we are not indifferent or ignorant or blind or apathetic!

We have learned to live intelligently because we were not taught to be optimistic; we have learned to live beautifully because there were qualifications put upon unbridled pessimism; we have learned to live realistically because we have been taught that virtue which is a mean between the extremes.

The movement of the finale has arrived and we have called it the *allegro con fuoco* because we have dedicated ourselves, at our Commencement, to intelligent, beautiful, and realistic living. And the reasonable life which shall result will prove the tempo markings of a great metronome, beating a tremendously stirring *allegro*.

Open Letter - -

A reversal of usual situations is often an effective means of expression, so the *Beaver News* adopts a reversal policy and sends an “open letter” to Beaver college.

Weeks ago the editor sent small thank-you notes to the members of the editorial board, and it reminded her that she had a larger letter of appreciation and thanks to write—a letter addressed to the college and embodying several important parts. This, then, is the letter.

The staff of the *Beaver News* herewith delivers thanks to the administration of the college and to its individual members—thanks for the “freedom of speech” which they allow to the student newspaper.

Not long ago several staff members attended a collegiate press convention; there they received, with pleasure and some astonishment, the information that, of the Eastern colleges represented, the *Beaver News* is virtually the only college newspaper which does not have to submit any of its material to the administration for possible censoring.

It is with pride that we point out, also, that we who publish the paper have been entrusted with a certain responsibility, and that there has been no questioning as to our acceptance of that responsibility.

We personally thank the administration for its trust and its understanding in this year of publication. And in behalf of the student

Seniors' Mothers To Be Honored

The mothers of all the seniors of Beaver college will be entertained at luncheon on Monday, June 9, at twelve-forty-five. The officers of the Mothers' association have also been invited by Dr. Raymond Kistler to be the guests of the college on this occasion.

This is the third annual Mothers' luncheon to be held and it was at the first one that the idea of the Mothers' association originated. Dr. and Mrs. Kistler will attend. They will offer greetings to the guests, as will the officers of the association, and Miss Ruth Higgins and Mrs. Ruth Zurbuchen.

After the luncheon, there will be a trip to the cathedral at Bryn Athyn. Mr. William R. Cooper is curator of the cathedral and will greet the visitors. Bus transportation will be provided.

The mothers will then return to the college where they will be guests at a tea sponsored by the Mothers' association at four o'clock.

Also on Monday will be the Brunch party for mothers to be held in the Grey Towers Chatterbox at nine o'clock.
