Sr. Lantern Chain On June 7 Will Feature Singing

With each girl carrying a lantern, this year's graduating class will follow the traditional lantern chain, which will take place Saturday, June 7, the evening before graduation.

At 8:45 p.m. with darkness approaching, the girls will carry the lanterns, lighting the hockey field as they process. Adelia Mease, senior song contest leader and chairman of this event, will lead the girls in a program of songs presented by the class in their four years of song contest.

Garbed in pastel dresses the girls will sing the following: the senior marching and pep songs and the senior alma mater; their junior marching and pep songs; and their sophomore marching, pep and class songs. Kistler Announces Beaver is Added To AAUW Ranks

Notification that the Board of Directors of the American Association of University Women has voted to add Beaver College to its approved list of institutions was received last week by Dr. Raymon Kistler, president of Beaver College.

All degrees granted at present by the college have been approved. These degrees are: bachelor of arts, bachelor of science, bachelor of fine arts, and bachelor of music. All alumnae holding these degrees are eligible for membership.

AAUW has made a great contribution in setting and maintaining a high standard of education in the colleges on its approved list. It has also been instrumental in urging that women be placed in important administrative, faculty, and trustee positions. AAUW has also insisted on good counselling programs and good medical services in colleges.

This organization, which has about 100,000 members, has branch chapters in most towns and cities in the United States. These chapters sponsor many educational, civic, and cultural activities in the communities where they are found.

Dads and Daughters Dance To Be in Jenk Gym June 7

For most of the seniors, the last four years have been life spent without father. But on Saturday evening, June 7, the senior class will present "Life With Father" as the theme of the traditional Father-Daughter Dance. Jo Ann Lissfelt is chairman of the affair.

Dancing will be from 9:30 to midnight to the music of Bud Reilly's orchestra in Jenkintown Gym, with 1:30 a.m. as the hour when the seniors' favorite Prince Charmings must have their Cinderellas back in the dorm.

Mom won't be forgotten either; for while daughter's dating Dad, she'll be squired by the best beau of each senior.

Coming right after the Lantern Chain, the dance will be informal, so there's no necessity for Poppa to take his tux out of mothballs or for Mom to have her formal altered.

While the dance is going on, Dr. Raymon Kistler, president of the college, and Mrs. Kistler will entertain at an open-house at their home on Florence Avenue, with all seniors, their dates, and parents invited to drop in.

Alumnae Awards Beverly Gifford Its Scholarship

Next year's Student Government president, Beverly Gifford, is the recipient of the scholarship offered each year by the Alumnae Association to an outstanding Beaver student, it was announced on Saturday, May 17, by the association's scholarship committee. The scholarship has been increased from \$150 to \$200.

As of next fall, the scholarship will be known as the "Beaver College Alumnae Association Scholarship in Honor of Ruth M. Howells Zurbuchen." Formerly the executive secretary of the association, Mrs. Zurbuchen also has been director of residence and dean of students at Beaver.

On class day the alumnae will announce the winner of their five-years-dues-paid award, presented to an outstanding senior.

Barlows Entertain Seniors at Picnic On June 5 at Home

Seniors will be able to enjoy an evening of relaxation before their exciting graduation day as guests at a picnic at the home of Mr. Thomas Barlow, comptroller and director of public relations, and Mrs. Barlow. The date is set for Thursday, June 5, at 6 o'clock.

Each year Mr. and Mrs. Barlow entertain the seniors at a picnic at their farm in Jarrettown above Glenside. Attractions looked forward to yearly are always the sheep, the chickens, and also little Thomas Barlow, up-coming cowboy complete with pistols and holsters.

Baseball, croquet, and creek-wading can be enjoyed by the more energetic seniors while those who wish to meditate and relax may sit under the many trees and enjoy the country scenery.

School buses will provide transportation and will leave the school at approximately 5 o'clock. In case of rain the picnic will be postponed until June, 1953, and seniors will be served dinner in the Beaver dining room.

Senior Ball To Be Held On June 6 at Grey Towers

Senior Ball, a formal dance honoring the members of the class of '52, will be held on Friday evening, June 6, at 9 o'clock in the Mirror Room of Grey Towers. Carol Irwin and Joyce Waldman are co-chairmen of the event. Dancing will continue to 12 o'clock to the music of the "Haverfordians."

Receiving with Carol and Joyce will be Dr. Raymon Kistler, president of the college, and Mrs. Kistler; Mr. Thomas Barlow, comptroller, and Mrs. Barlow; Dr. Ruth L. Higgins, dean of the college; and

Co-Chairmen

Joyce Waldman and Carol Irwin

Miss Marjorie Eisenberger, dean of students.

Working with the chairmen to present the theme, "Turn Back the Hands of Time," are Charlotte Daniel and Nancy Brown who are in charge of chaperones and invitations; Barbara McKay who is in charge of the orchestra; Emily Coxson and Suzanne Divine who are working on the decorations; Greta Funk who is assisting with the program; and Betsy Hamilton who is in charge of the refreshments.

There will be a party following the dance for the seniors and their escorts at Casa Conti in Glenside.

Reisgen to Lead Senior Class Day in Taylor Chapel

Sounding the gavel for the last time, president Dorothy Reisgen will call to order the final meeting of the senior class on Saturday, June 7, in Taylor Chapel. At 2 o'clock on this afternoon before graduation, parents and friends will be present as the president gives the welcoming address and the seniors answer the final roll call.

The reading of the minutes by secretary Janet Morris will follow, and Jean Quig, treasurer of the class, will give her report. Barbara Jones and June Hirsch will read the class history, after which the class will and class prophecy will be presented by Greta Funk and Vice-President Marion Stiles, respectively.

Claire Everding, president of next year's senior class, will accept the senior cap and gown from Dorothy Reisgen, and Dr. Raymon Kistler, president of the college, will receive the class gift from senior week chairman, Frances Bauer.

As recipient of last year's Silver Trowel, Dorothy Reisgen will present that award to the junior with the highest average. An outstanding senior will be given the five-years-dues-paid alumnae award at that time by Mrs. Walter Scott, alumnae

representative.

Following the recessional, the future alumnae will witness the ivy planting by the new Silver Trowel winner and will then join in singing the alma mater.

Kistler Will Speak At Various School Commencements

During the next few weeks, Dr. Raymon Kistler, president of Beaver College, will speak in various churches and at commencement exercises at many high schools.

On Sunday, May 25, Dr. Kistler will deliver the sermon at the morning service at the Cedar Park Church in Philadelphia. At 4 that afternoon he will speak at the Open Air Service at Wernersville, Pennsylvania.

On Monday night, May 26, Dr. Kistler will speak at the Girl Scouts' Dinner in Buckingham, Pennsylvania.

An Important Phase of Our Lives Is Ending

On Sunday, June eighth, we will reach the climax of our college career; a diploma will be ours. No longer will we be an integral part of Beaver College, for at this point, with the receiving of a scarlet leather folder with enclosure, we reach the end of one important phase of our lives and begin an even greater one; we now assume the responsibilities as well as the privileges of being adults.

What have we to take with us as we leave this college community to which we have belonged for four years? Just what do our degrees indicate? These four years have meant much to all of us. They have meant an opportunity to prepare ourselves to take our places as creditable citizens of this great nation and the world. The acquiring of knowledge of how to make a living has been an essential goal of our college career. But our diploma symbolizes much more than bare factual knowledge.

If we have lived up to our Beaver motto, we have learned not only "how to make a living," but also "how to live."

Here at Beaver we have been exposed to new ideas, have further affirmed old theories, and have formulated a philosophy of our own which will guide us all our lives.

Religion is a vital part of Beaver College, and its influence has been felt by us as Beaver students, regardless of our individual religious belief. It has given us something to grasp, has encouraged fairness and justice in dealing with our fellow students, and has given us hope for the world of tomorrow.

A wealth of cultural opportunities has been offered us; and taking advantage of these has led to a greater appreciation of music and the arts, which will be a satisfaction to many of us for years to come.

During our four years as college students, we have made many satisfying friendships and have shared many good times with girls of varied interests and ideals. We have come to realize that we don't all have to believe alike to be able to live together peacefully. An attitude of understanding, not

only of tolerance, is imbedded in the Beaver graduate.

In our moment of glory, it becomes apparent that this vast collection of opportunities was made possible by many sacrifices on the part of our families, and words of encouragement from various sources at the opportune moment aided us in the advantageous use of these opportunities. Yes, we take with us, too, an appreciation for the help of others.

As we leave the security and protection of college life, we enter the world fortified with knowledge and a faith in ourselves and our classmates that we will make this world a better place in which to live. With attitudes of understanding, justice and faith in others, and a background of essential facts, we are ideally equipped. Our high ideals will undoubtedly be dampened, but not defeated, for with this earnest faith in our generation we shall be able to rise above the cynicism of the age in which we live.

The foregoing was what I was supposed to say for this Graduation Issue. What I want to say to my fellow seniors is, WHY NOT THE CAPITALS? Why shouldn't we make a place near the top in our respective fields?

For years college papers have run features of this type. They are supposed to be funny. They are not. It isn't as if we were graduating to a job situation like that in the '30's when the trained architect was a bum starving in New York, inspiring the depressing song, "Brother Can You Spare A Dime?" We are not coming out of college to an economic situation of this type which makes brilliant careers impossible except for the few. We are all well trained in our respective fields and should utilize our training to go up.

Naturally no one expects us to be able to hit the right kind of job immediately. Other jobs will have to be taken. However, hit for the best; and most important, try a second time. I probably won't write the great American novel; none of us may make Broadway, good teaching posts, or political appointments. But in this year of 1952, we have relatively few economic strikes against us, and so we can try.

The majors may end up in situations similar to the small type and not the capitalized headlines, but if this happens, it will not be funny. "Brother Can You Spare a Dime" was not funny. Both situations are tragic. We have all had a better than average education at a better than average college; '52—let's see what we can do with it.

Undefeated Crossmen Beat Penn in 12-1 Game

Beaver's lacrosse team crossed up Penn 12-1 in a one-sided game played on the Jenkintown athletic field on Tuesday, May 13. The team was determined to beat Penn after having been badly defeated by them last season.

Undefeated so far, the Beaver girls showed their skill in handling the ball and executing careful plays in this game. The best play of the game was a particularly fine goal which was made by Target Hill '53 after being assisted by five of the team members.

Betty King '53 played her usual good game, scoring six goals, three in the first half and three in the second. Target Hill '53 was second high scorer with two goals in the first half and one in the second. Norm Golder '54 made one goal in each half. Betty Pfautz '55, while substituting for Ann Little '53 in the second half, scored a goal.

Beaver had a return match with Penn yesterday which wound up the season. Beaver has also defeated Bryn Mawr, Swarthmore, and Drexel.

Penn Is Defeated 5-3 By Beaver In Softball Game

Five runs on six hits in one inning gave Beaver an exciting win over the Penn girls 5-3 on Friday, May 15. The game was played at Museum Field, Philadelphia.

The Penn team made two runs in the first inning, partly as a result of the fact that the Beaver outfielders had trouble judging fly balls. No more runs were scored until the fourth inning when the Beaver team tallied their five runs of the game. Phyl Saxton '52 started off the hitting streak with a single. Joan Ramsbottom '54 followed with a two base hit, and Phyl and Joan were brought in by Molly Kern '53, who hit into a three-bagger. Weezie Ogden '53 got on base by a Penn error, and Bebe Steunenberg '53 followed through with a single. Bebe stole second on another error and followed Weezie home when Ernie Irwin '53 popped a fly deep into center field.

Penn scored their third and final run in the fifth inning. M. Hawk was the outstanding player for Penn with two base hits.

This game was unusual in several ways. Total playing time was only forty-five minutes, there were no walks by either pitcher, and the Beaver girls made no errors. In addition, Charlotte Anderson, Penn's pitcher, struck out three batters, and Weezie Ogden struck out six.

Sports Round-Up

By LAURIE

In this last issue of the paper this reporter would like to say that it's been swell to give you the latest happenings in the "campus world of sports." Throughout the year it has been the purpose of this columnist to give the reader a bird's eye view of the athletic events around the college.

With a quick review of the spring sports, the softball team defeated Chestnut Hill 13-7, and Penn 5-3. The team suffered two tough losses to Temple 23-2, and to Ursinus 14-2.

Congratulations to the lacrosse team for their undefeated season. The eager Beavers defeated Bryn Mawr 9-6, Swarthmore 8-6, Drexel 8-3. Penn was properly trounced 12-1 in an exciting game in which the girls were out for revenge after last year's loss. The team finished the season yesterday with a return game at Penn.

And now with a forward look to the leaders of the athletic activities next year. Betty Pfautz '55 was unanimously chosen by her teammates as captain for the swimming team for next year. She is replacing Phyl Saxton '52. Target Hill '53 has been selected captain of the hockey team to succeed Cynie McKelvy '52.

Betty King '53 will lead the basketball squad. Jane Oswald '52 was the captain this year. Joan Whelihan '53 will replace Bev Gifford '53 as captain of the riflery team next year. The captains of the lacrosse and softball team will be elected in the near future.

Jackie Strohauser '53 will again preside over the activities of the

modern dance club. Bea Muller '53 and Bev Rainer '53 will exchange the positions of scribe and costume chairman.

The initiation of the freshmen and transfer phys. ed. majors took place on Tuesday, May 20. The girls presented an hilarious appearance in their strange get-up. The pony tails on their heads were particularly amusing. "Under the Big Top" was the theme of the affair, and the girls dressed as the familiar circus characters.

In a more serious vein Norm Golder '54, as the new president of Pentathlon, honor society in athletics, presided over the initiation of twelve new members into the society. This initiation into this oldest honor society at Beaver College was held, in the A.A. room on Thursday, May 22.

Mrs. Natalie Duffy, instructor of health and physical education, will leave Beaver College to accompany her husband to Fort Bragg, North Carolina. Mrs. Duffy has been very active this year as the coach of the swimming team and as adviser of the modern club.

The students of Beaver will indeed miss this youthful teacher with the dancing feet and happy smile. A fond farewell and sincere best wishes to you, Mrs. Duffy.

Now to all the students of Beaver who are eagerly looking forward to the summer activities of swimming, softball, and tennis, have fun, but above all remember good sportsmanship. So long till September.

Crystal Gazing in Reverse

By BETTY ANNE RIZZOTTE

Time is like those new Fords. It whizzes by before we know what's happened, and the only thing we can do is to look back and say, "What was it?" For instance, say we look back ten years ago—to 1952 to be exact. We were just seniors in college, but we thought we were pretty big then. We didn't know how lucky we were even though we thought we were sophisticated women of the world. It was fun, and although we assured ourselves that we'd never miss Beaver—we do!

There were nothing like those modern dormitories we had then. As we recall we had so much closet space we didn't know what to do with it, and those large, airy rooms were any girl's dream. Now and then we lost a heel between the cracks in the floor, but that wasn't bad; what we really miss most of all are those little ants that used to hold their meetings over in Montgomery Hall and those squirrels that were quite the celebrities. Each day they would visit one of us and stay for tea and crumpets or such. Very sociable animals.

We remember too how we used to look forward to required events for weeks in advance. We got so excited when the time arrived. And we used to gulp down our dinners just so that we could get to chapel early. Ah, Beaver!

We were lost for years when we became our own bosses. It used to be such fun signing night slips at 10:30 and paying fines if we didn't.

But if we came in a minute or so later than we should have on our late permissions, there was always a reception committee that greeted us with fresh white slips to fill out. It was so nice to know that someone cared!

Oh—and we used to get such a thrill out of answering the phone—and how we used to laugh when we never got the phone messages our friends usually forgot to give us. Mentioning ringing also brings to mind the bells that seemed to ring all day, that is except during quiet hour. The house mothers never had to remind us to keep quiet during this time. We were perfect ladies.

But most of all we miss those examinations and term papers that always seemed to be due. We really used to love them. Even now we write them in our spare hours just for old time's sake—

Guess we'll just have to be satisfied remembering all those eccentricities that made Beaver what it was, for time whizzes by like those new Fords, we said—and the only thing we can do is to look back and say "What was it?" The answer is "That was 1952, of course." We'll never forget it!

So, seniors of '52, you now have had a preview of what you will miss at your alma mater in the years to come.

Beaver Graduate of 1894 Recalls Undergraduate Days

By CONNIE SHAFFER

"Beaver meant an awful lot to me, and I'll never get away from it." This is a statement made by Mrs. Mary Kidney Moorehead '94, the oldest alumna to return to the reunion held last Saturday. Mrs. Moorehead traveled alone all the way from Detroit, where she lives with her daughter.

A charming woman with a wonderful sense of humor, Mrs. Moorehead seemed to enjoy telling of her years at Beaver, which was then located in Beaver Falls, Pennsylvania. "Although the era was called the 'Gay '90's' recalled Mrs. Moorehead, "the school was pretty strict and conventional—we were chaperoned at all times."

Daily walks were compulsory in those days, and for further exercise the use of the school bowling alley and gym was encouraged.

According to Mrs. Moorehead, the social life back in 1894 was rather restricted. Only seniors and special students were allowed to have dates, and there was no dancing on the campus. Finally in rebellion against this last rule, the seniors rented a hall and held a dance. Hence the first Senior Ball!

Even studying was regulated, with the lights being turned out at 10 p.m. from a master switch. According to Mrs. Moorehead, there were ways of "getting around" this rule, as many term papers and essays were completed late in the night.

Outstanding in music, Beaver had a full schedule of noted artists from Pittsburgh coming to the school and performing. A glee club, called the St. Cecilia Society, was host to these performers.

Asked if she thought college students of today were greatly different from those of her time, Mrs. Moorehead wisely answered, "Methods and manners change, but the underlying principles are the same."

Rian Addresses Local Churches

Dr. Edwin Rian, vice-president of Beaver College, will speak at the Holy Trinity Presbyterian Church in Philadelphia on Sunday, June 1.

Dr. Rian will also speak at the First Presbyterian Church of Germantown, on Sunday, June 8.

During the summer months, he will be guest speaker at numerous churches in this area.

Koffman Receives Scholarship From The Faculty Club

Beatrice Koffman '52 is the recipient of the Beaver College Faculty Club scholarship of \$250. This scholarship is presented to a student who has received a bachelor's degree from Beaver College. The scholarship is to be used for study beyond the undergraduate level, but does not necessarily require that the recipient be working toward a higher degree.

Beatrice, who is a Spanish major, is planning to attend the Middlebury School of Languages in Vermont this summer, where she hopes eventually to receive her master's degree in Spanish. Middlebury College has also awarded Beatrice a \$50 scholarship in acknowledgment of her work there this past summer.

When she returns from Middlebury in the fall, Beatrice will begin teaching Spanish and French, but hopes to be able to go to Spain and study there under the Middlebury graduate plan before long.

Beatrice is a member of Kappa Delta Pi, national educational fraternity.

Members of the Scholarship Committee of the Beaver Faculty Club are: Dr. Doris Fenton, professor of English, permanent chairman and treasurer of the club; Mrs. Gladys Cutright, professor of Spanish; and Miss Bertha C. Peirce, professor of classical languages.
