The Enthymion Yearbook is a collection of nostalgic moments, a look back at where we have been and a glance to the places we are going. These moments are rarely appreciated while they are occurring. It is when we look to our past that we truly see how we lived...

Dear Arcadia Students,

Looking back on 2009-2010, I can’t help being just a little amazed and extremely proud! Just over a year ago, we—along with the rest of the country—were reeling from the aftershocks of the turmoil in the financial sector. While in the summer of 2008 the future of the University had never looked brighter, we started our academic year in a very uncertain climate that caused us to defer some cherished plans, tighten our belts and commit ourselves to continuing to provide the programs and experiences that we had promised both our current students and those we hoped to see on campus in 2009 and beyond. While the crises may not be entirely in the past, we entered 2010 with the future once again beckoning brightly, and able to point with pride to the accomplishments of the last year!

We welcomed our new Provost, Steve Michael, who hit the ground running and worked with faculty, staff and students to create in just one semester a new Strategic Plan for Academic Affairs, which outlines the fundamentals for the new academic structure of three colleges: The College of Arts, Humanities & Social Sciences, the College of Business, Health and Science and the College of Global Studies. Programs for online and adult students are being reorganized into a School of Continuing Studies. These changes open up vast possibilities for improvement and innovation, while preserving the Arcadia Promise for a personal, integrative and global education. We have begun again the process of refining the architectural plans for our long-sought University Commons, which will transform the Kuch Athletic Center into a true center for student life on the campus. It will boast large-capacity meeting and performance rooms, office space for student organizations, ample space for display of student artwork, as well as informal gathering spaces and food-court options. We expect to break ground after Commencement in May. My only regret is that you were not able to enjoy it during your time with us.

The year 2009-2010 was marked by thrilling successes in many areas. Both the Men’s and Women’s Soccer teams competed in the Commonwealth Conference finals in November and, while neither team was able to move on in the competition, both Coaches and many members of both teams were recognized for their outstanding performances. In January, our theater department shined brightly when it walked away with a multitude of honors at the Region II Kennedy Center American College Theater Festival.

Just as the Arcadia University you leave in May 2010 is not the one that welcomed you when you matriculated, you, too, are not the same person who walked onto campus those years ago. Both have grown and changed considerably. Challenges have been met, set-backs overcome, new horizons explored, triumphs celebrated, promises kept. As you prepare to move on to the next phase of your lives, whether it be graduate/professional school or a new career, you do so with expanded knowledge and insights, having kept your promise to yourself to become a citizen of the world. Arcadia is proud to add you to the ranks of distinguished alumni!

Sincerely,

Jerry M. Greiner
President
Arcadia University promises a distinctively global, integrative, and personal learning experience that prepares students to contribute and prosper in a diverse and dynamic world.

The Experience: "Going on Arcadia's service trip to Guatemala gave me the opportunity to view the field of physical therapy from a completely different perspective. This experience inspired me to help others and assured me that I have chosen the right career path," Irina Saxon

Dear Graduating Seniors:

What an exciting experience you have had at Arcadia University! Whether you have been involved in the achievements of the Theater Department, received academic awards, experienced athletic success, established great campus traditions, provided leadership to others, worked on campus or built a strong network of friends, you have contributed to this university and to your own success in the future.

You may hear us talk about our responsibility as educators and administrators at Arcadia University to create an environment to enhance academic success and to provide a foundation for your career and life as a global citizen. In reality, it is your decision to enhance the journey that will have the greatest effect on your life and career outcomes. Most of you have developed opportunities to follow your passions and your interests, built friendships that will last a lifetime, and used your academic pursuits and involvement to strengthen your own personal experiences. As you look toward your future and the opportunities before you, I urge you to keep a few things in mind that have been part of the foundation of your education here at Arcadia.

Stay connected to those who have mattered to you. As you continued to communicate with family and friends you knew before you came to college, you have established many new friends and strong connections with faculty and staff on campus. Stay in touch. It is always energizing to hear about your endeavors and what is next in your life. That “personal experience” in the promise is all about you, and provides us meaningful ways to keep the Arcadia University spirit alive.

Be committed to your passion. There is nothing more exciting for many of us than to see students demonstrate their passion; whether it is in the research lab, writing a paper, performing on stage or on the field, or simply making a difference because of your commitment to a cause or common experience, we love having the opportunity to see you thrive. Your passions help create the vibrant, diverse community we value on campus and abroad.

That leads me to my third suggestion—be part of the global enterprise. No matter where you study, travel or work you are part of an increasingly global society. Your degree from Arcadia University includes a strong message about our commitment to the world and to be active and engaged global citizens. Keep that in the forefront of your career and educational opportunities. Understanding the world around you, including those parts of the world that are on your front doorstep, will strengthen your ability to truly make a difference.

John Mellencamp sings *Your Life is Now* and the message is... this is your time here to do what you will do, your life is now. Nothing says it all any better. You have come so far to complete your degree, and now it is your time to do what is next for you. Arcadia University is a wonderful place to help students focus on their priorities and to guide them for success in the future, but now it is up to you, this is your time.

Sincerely,

Jan Walbert

Graduation is life milestone to be proud of. But do not forget the people whose support and love for you helped make this moment a reality. In these pages, we look back at the child you once were and admire the adult you have become. Congratulations!

To our sweet County,
In the blink of an eye, you’ve gone
from an adorable baby playing dolls
and eating Cheetos to the beautiful,

Ian,
From the moment you started school you were a
conscientious student. Your first grade teacher
commented on how you treated school “as your job”.
Well Son, “Job Well Done”. We could not be more
proud of you or love you more.
With all our love,
Mom and Dad

Jamie Allison
Karpo

In your early years, you were small, blonde, and blue eyed. You laughed at 2 months, rolled over and reached your little rattle at 3 months, sat up in March, crawled in early summer, and stood up alone by early fall. At 14 months you were walking and talking. You were on your way... Now you have new milestones to pursue and new heights to climb. You are our graduate.
We love you.
Hugs and Kisses,
Daddy, Mom, and Lee
Dear Lara,

ARCADIA UNIVERSITY

CONGRATULATIONS FROM ALL OF US
Memory is a way of holding onto the things you love, the things you are, the things you never want to lose.
Stephen, 

You have worked for this day since you were eleven years old. Nothing is beyond your reach because you are willing to step beyond what is expected. Ralph Waldo Emerson said, "The purpose of life is not to be happy. It is to be useful, to be honorable, to be passionate, to have it make some difference that you have lived and lived well". You are truly a son to be proud of.

Mom and Dad
Kim Jacoby

To my daughter, Kim, with the best of thoughts, prayers, wishes and love for a future as bright and beautiful as the amazing young lady you have become. You are the shining star of my world and you have made me so proud every day of your life. As the most determined, hard working young woman I have had the pleasure to know, I am so grateful every day of my life to be your mother. Kind, caring, considerate, thoughtful, funny, brilliant and beautiful — these are only some of the words that come to mind when I think of my Kim — my dream come true!

My daughter, Kimberly Joy Jacoby,.... Your middle name has been the perfect choice since the day you were born, because you have brought nothing but joy to everyone’s life you have touched. To have graduated college in three years has been quite an accomplishment and now as you go off to Graduate School, I have no doubt success will follow you each step of the way.

Kim.... I am so proud, happy and blessed to have you for my only daughter!!!

Valedictorian 8th Grade Graduation

Congratulations Kim!

Arcadia Seniors

The years at Arcadia University have been crazy. They have been filled with good days, bad days and everything in between but the one constant has been the friends you made and experiences you shared.

Keep those friends with you. Think back on those experiences from time to time, and never forget your Alma Mater.

Congratulations Seniors 2010
