I love this institution, the community, and the sense of caring everyone seems to have here. I have been blessed to have grown and thrived beneath the scarlet and grey. ~ LeCompte. Being a student here has provided me with very unique opportunities, such as, studying abroad in Stirling and engaging in many leadership positions. Being a part of the Arcadia community will not end at graduation. ~ Hendler B. My experience with Arcadia is one of a kind because unlike most traditional students, my classes were held at my work location. Although my classes were not on campus, the quality of my education was never compromised and I’ve always felt included in the Arcadia community. ~ Hudson. The Arcadia community has taught me that college isn’t where you go to find your best friends ... it is where you find the best in yourself and the people who help you look. ~ Clydesdale. Being a part of the Arcadia community is to be a part of a global community ~Cima. My Arcadia experience has been a force to be reckoned with. Whatever was thrown at me, I have caught and turned into something positive. ~ Peterson. Arcadia has allowed me to have great fieldwork experiences, get involved with the campus community, and form great bonds with the people surrounding me. ~ Hendler R. For me, being a part of the Arcadia Community means that I get to meet people that I am able to share my time with, laugh with, stress with, and learn with. It means I’m surrounded by people that see the best in me. ~ Montes.
Dear Graduating Senior,

You come to the end of your undergraduate years in a year unlike one any of us have ever experienced. You step out into a world that has changed, in some ways better, in some ways worse. Most if not all of you have already experienced that world, from your studies abroad, and in your off-campus work. All of us at Arcadia are proud to have offered you the chances to explore that world, and the worlds of learning in the arts and sciences. In the dynamic times ahead, we hope and trust that what you have experienced here will give you the resources to prosper as the future unfolds.

In this, your senior year, Arcadia University has continued to develop into an institution worthy of its alumni loyalty. Our highly forward-thinking new curriculum was introduced. As seniors, you will not experience this directly, but you will see it in the qualities of the younger classes as you come to know them. We have continued our tradition of curricular innovation that many of you experienced. For instance, we've launched a new certificate in Mediterranean Studies made up of courses in our Center for Education Abroad. We approved and are now recruiting students to an accelerated, 3/2 year program leading to a Masters degree in our nationally prominent Forensic Science program. Overseas developments included new offerings at our sites in Arusha, Tanzania and Paris, France, along with new opportunities in Barcelona, Spain, Beijing, Shanghai and Xian, China, and Pune, India. Perhaps of greatest note, the Open Doors Survey proclaimed Arcadia #1 in the nation for study abroad. Many of you helped us achieve this merit.

The year also saw the augmenting of some old customs, and the start of a new tradition. We expanded the convenience of having most of students business needs met in one location with our new One-Stop Shop in Taylor Hall. We continued systematic upgrades in the residence halls, including Oak Summit. You and your fellow classes continued a strong commitment to community service which captures the spirit of so many of you. We continued development of the new athletic surface in front of the Castle, which someday will have a regulation-sized soccer field and a running track. And, in the fall of your senior year, we inaugurated the Arcadia University Athletic Hall of Fame as a way to honor all student athletics and especially those of particular note.

Very much in our thinking and planning for the future will be the new student center adjoining Kuch. The financial downturn of this year put that construction on hold, but our design work has been completed and we can begin building as soon as circumstances permit. I am hopeful, and almost sure, that when you return for your fifth-year reunion you will be dazzled by the new building, much as were the alumni who first saw the new Kuch Center in 2003.

A good deal of our energy this year, much as I suspect was yours, concerned planning for the challenges of the next several years. Through the hard work of the extremely loyal people who work here, we now have plans in place to weather almost any storm that hits us. Your alma mater will continue to flourish and achieve new distinction as a leader in global education and in forward-looking curricular innovation. As you join the legions of fellow alumni in the workforce, graduate school, and other pursuits, you become part of the network of leaders who have taken their Arcadia education and made a difference in the world.

I salute you on your achievement.

Sincerely,

Jerry M. Greiner
President
The Arcadia Promise

Arcadia University promises a distinctively global, integrative, and personal learning experience that prepares students to contribute and prosper in a diverse and dynamic world.

Generations of alumni, faculty, and staff have come together to sum up a general collective experience one may gain from Arcadia University's learning environment. Is education limited to the classroom? Is it limited to the boarders of this great country? The answer is that, Arcadia University is a unique establishment that embraces various learning experiences and opportunities. Students are challenged to reach outside their comfort zone, achieving full potential. It is then they realize what they are capable of and their responsibility to utilize their education as best they can. Interactions with faculty, staff, and fellow students at the undergraduate or graduate level, promote a sense of respect and self-worth. Arcadia University presents wonderful opportunities all one has to do is take advantage of them.

Arcadia University's Statement on Civility

The members of the Arcadia University Community encourage all individuals and groups to behave with civility. A community upholding civility respects the rights of individuals and groups. It is characterized by understanding and considerations of the differences among members of the community. The diversity of the University adds to the richness of campus life, and Arcadia University expects all members of the community to respect both differences and commonalities. The University acknowledges every community member's constitutional right to freedom of speech and freedom of inquiry. Arcadia University also affirms every community member's right to an environment that is free from harassment of any kind. The University will not tolerate the subjection of another person, group or class of persons to inappropriate, abusive, threatening, or demanding actions at any time.

Civility Statement
The summer of 1948, Professor James Wallace, his wife, and seventeen Beaver College women embarked on an incredible journey across the Atlantic Ocean. It began as an economical study of post-WWII Europe.

Today, Arcadia University embraces the elements of studying abroad. Arcadia is currently ranked number 1 in the nation...

...for study abroad rate. We have come a long way in 60 years. Imagine the places we will go.

No one anticipated the cross-cultural experience to alter the foundation of Beaver College education.
It Began 60 Years Ago...

"Tomorrow's Leaders Need a Global Perspective of the World..." - Dr. Jerry Greiner
"I love observing how dramatically students change after they have studied abroad. Everyone has definitely grown up in a sense." D. Cassidy
Although the majority of students live on campus at Arcadia, we cannot forget about our beloved commuters! Arcadia has a specific Commuter Life Program that actively involves undergraduate staff members. Students work as Commuter Assistants in order to make commuter students feel that Arcadia is their "home away from home". The Commuter Lounge, located on the ground floor of Heinz, is a hot spot where students can relax in between classes, hang out with friends, and participate in social/educational programs. The lounge provides: a TV, a stereo, lockers, a microwave, and a refrigerator. The Commuter Assistants and Commuter Student Association work hard to build and strengthen the commuter community.
The "college experience" may encompass many different aspects for the average student. An important component for the majority of students at Arcadia University is campus housing. The university provides a variety of housing options. There are four traditional residence halls, the castle, one suite-style complex, and two apartment-style housing choices. As freshman, we stepped through the doors anxious and excited. We were expected to live with complete strangers in a totally new environment. Mere months later, we leave campus wondering how we ever survived without these people in our lives. Revelations are made about ourselves and the individuals surrounding us. Education is not limited to the classrooms. We are forced to step out of our normal boundaries and embark on an amazing social/learning experience.
For many students, residence life is an important aspect of the college experience. Students experience a new sense of freedom and responsibility, while meeting new and exciting people. Although we may not be able to cry to our parents for help, Campus Life Staff has our backs. When we are homesick, in need of a new light bulb, or just some friendly advice students never hesitate to turn to CLS. Their training and dedication prepares them to professionally handle various types of problems. Campus Life Staff organizes fun and informative hall programs in order to bring their residents closer to each other and themselves.

Student Organizations

There are numerous organizations and clubs that Arcadia students are able to get involved in. Through student-governed clubs, members are able to expand their leadership skills and gain a sense of teamwork. Becoming involved is not only a great resume booster, but it also is an awesome opportunity to meet new and exciting people with similar interests. If there isn't a club that interests you, then there is always the option of creating one! There are a few additions to the vast list this academic year. The list is a distribution that was registered with Student Activities for the academic year 08/09. It is broken into club categories and is regulated by the Student Government Organization (SGO).

Beginning the first week of the academic year, numerous events cover the calendar keeping students entertained and educated. These events are sponsored by Arcadia's student organizations or the Office of Student Activities. Careful collaboration works to prevent events from overlapping and make sure there's almost always something to do on Arcadia's campus.
"I loved that the OLS were so friendly and helpful. The group activities were great in allowing me to meet people." - M. Puglisi
"Fall Fest & Family Weekend

"Family weekend is my favorite event on campus because it is great to see students taking pride in the university while enjoying the fun activities." - M. Cain
Mr. Beaver is Arcadia's own male beauty pageant. Comedian Baron Vaughn hosted this annual event while students such as Matt King and Shawn Lovett participated in one of autumn's most anticipated events. Characters such as Posh Spice and her husband David Beckham, Danny and Sandy from Grease, Elle Woods from Legally Blonde, and the great Sarah Palin all made appearances in this year's spectacle.
This year's masquerade ball was sponsored by BAS. Students and guests came dressed in a variety of costumes that included celebrities, zombies, and childhood heroes. The whole bottom floor of the castle is used for this popular event. The Great Hall was used for dancing while Halloween treats and a place to rest their feet was also provided in the Rose and Mirror Rooms.

"It was a honor and a lot of fun to be Mr. Beaver and it felt incredible. I encourage others to be in it next year!" - Shawn Lovett
The Empty Bowl Dinner is a unique fundraiser that allows the Arcadia Community to come together to battle hunger and homelessness. Soups, desserts, and breads are donated by various restaurants for the event. Local artists and Arcadia students create hand-crafted bowls that participants take home. The bowls remind them that many people in the world live with an empty bowl everyday.
Celebrating Cultures

"My favorite aspect is the food because it adds a personal touch to making people experience another's culture, rather than just explaining history." - Daniel Doste
Knight Madness

Show us that school spirit, Knights!
Cotillion
Spring Fling Weekend

"Spring Fling is a great way to grab your friends and have some fun before finals come around." - Zachary Woodard
"The senior capstone project, I believe, is one of the most valuable education experiences students gain from Arcadia University." - Dr. P. Campbell

Men's Tennis
A university cannot exist and operate without a dedicated faculty and staff. With 95% of full-time faculty having terminal degrees in their respective fields, it is obvious that we the students are privileged to be learning from such great minds. These are the people that motivate and drive us to succeed intellectually and socially. As we can see from Dr. Jan Walbert below, our faculty and staff go above and beyond the call of duty. Enthymion recognizes their talents and hard work in this section. The following 400+ individuals are the people who believe in this establishment. Without them Arcadia University could not flourish and thrive as it does. We must thank the faculty and staff for continuing Arcadia's reputation of excellence.

Students are motivated to succeed in their studies in order to become seniors and proudly walk to receive their diploma. Although senior year may have been the most difficult, the rewards are great. When students complete their thesis requirement in May, they are able to look ahead to graduation. Not only do students leave with a diploma, they are able to walk away with life long friendships and amazing memories, both on campus and abroad. The connection between staff, employees, and fellow classmates is never broken. Even though the academic year has come to a close, students are able to continue expanding their knowledge, as Global Citizens, with the skills learned here at Arcadia University. Congratulations to the Class of 2009!
Dear Graduates of 2009:

What a fabulous class you have been! As I write this letter I realize that each class has a set of distinguishing characteristics. Characteristics that are often shared by many, but because of the blend of experiences at Arcadia University, the characteristics leave a special imprint on those whose lives you have touched as well as those who will follow you. The Class of 2009 certainly has made a special imprint.

The characteristics that I noticed most about this graduating class were demonstrated throughout your years here, but were pronounced as the excitement increased as graduation neared. You demonstrated a spirit of inclusivity, an energy that has rarely been exceeded by other classes, creativity and ingenuity, and, without a doubt, a positive attitude. The last was extremely evident in preparation for graduation itself, and throughout graduation. What does all of this mean? It means absolutely nothing if you don’t work to maintain these and other meaningful characteristics in your careers, future study, and while you live your lives.

The spirit of inclusivity means that you have an ability to belong and assure that others belong in whatever community you decide to join. You have been spirited members of this community, always welcoming to others and it is an admirable trait. Your energy assured that much was accomplished while at Arcadia University. Student leadership experiences, research with faculty, late night study sessions, and enhancement of the social scene at AU are all ways you left your mark. Strive to leave positive marks wherever you go.

Your creativity and ingenuity was exhibited through the many varied capstone projects, efforts to create new traditions and programs for students, and, what can one say about the Spirit Stone dedicated by the Class of 2009. The positive attitude was evident from your first days on campus to the last. A positive attitude is another way to make a mark on your environment. Whether you are continuing graduate study or jumping into the career of your dreams, know that intentionally maintaining a positive attitude will make a significant difference for you and those around you.

So as I think about this class the people, the characters, and the characteristics of you as a collective group, I know Arcadia University will miss you. Your commitment to others, to ideas, to sharing energy and spirit, and to making a difference will forever change us. Ideas don’t just happen people make them happen. As individuals, and collectively in this environment, you reached out and found ways to make a difference on this special campus. We all thank you for the difference you have made here and wish each of you much success and many opportunities to continue the meaningful relationships you have developed here. Don’t be strangers come back often!

Sincerely,

Jan Walbert

The Class of 2009 celebrated 87 Days until Commencement with Alumni, faculty, staff, and friends during an event that is annually sponsored by the Student Alumni Ambassadors. Grey Towers Castle houses this momentous event as students anxiously begin to countdown their remaining days at Arcadia University.

Your Memories
Alma Mater dear,
The years have o'er thee swept
   But stainless still through time and tide
      Thy splendour thou has kept.
         So hail Arcadia; hail we say!
Fling high the scarlet and the gray
   We shall keep irradiant with truth
      Thine everlasting youth.
         Mother tried and true,
We pledge our life to thee.
      We pledge thee all our fullest faith
In loving service free
         So hail Arcadia; hail we say!
Fling high the scarlet and the gray.
To the finest in the land
   We lay down our heart and hand.

Love,
Dad, Mom, Dana

When I stumbled upon this position, I was told that the yearbook was in a year of transition and that without student members, would cease to exist. I felt that I could not let a book filled with memories and milestone moments slip away. So under the guidance of Dian Taylor-Alleyne, I became the editor and recruited an amazing staff filled with students as dedicated as I am in capturing the most important moments of your academic year. The Enthymion yearbook encapsulates the culture and dynamic of the university in a mere 160 pages. We are able to see our differences and the moments that unite us. No matter where life takes us we will always be bound together by this book and the memories it holds.

I truly hope that you enjoy this years edition of The Enthymion, as it was not an easy task to produce. Thank you to my staff, Dian, Michele Cain, and Cate Rooney for all of your support and assistance. Without all of you this publication would not be the same.

Congratulations to the class of 2009! The staff and I know you will achieve all your goals and apply the skills you've gained here at Arcadia University wisely.
