As we come to the end of the 2006-2007 academic year, I am marking the end of my third year at Arcadia. Certainly these years have been filled with big changes in my life, but they have also marked big changes in the life of the University—changes of which we can all feel very proud.

Arcadia’s reputation as a global educator has continued to grow and in 2006 the University was awarded the Senator Paul Simon Award for Campus Internationalization from NAFSA: Association of International Educators. Our students now study in 11 countries on four continents and our Preview program has expanded from London to Scotland, Spain and Italy. The Class of 2007 includes the first students to participate in FYSAE (First Year Study Abroad Experience) which was begun in the fall of 2003 and has now expanded to include a small group going in the spring semester. More than 85 percent of first-year students used their passports this year and half of this year’s graduating seniors have credit-bearing international experience.

We have also seen growth in our graduate programs, which now number 16 and include a number with significant international experience. This spring saw the opening of our very first satellite campus in Christiana, Delaware, where students will begin classes for the Master of Arts in Medical Science in fall 2007 and a Master of Public Health in 2008. Our largest class ever—nearly 900 students—celebrated Commencement 2007.

We have accomplished much, but there is still much to do. I am happy that we were able to travel part of the journey together. The future of Arcadia will most certainly be marked by continued change—new programs, new buildings, new faculty, new students—but our mission and Promise will remain constant: to provide a distinctively global, integrative and personal learning experience that prepares you to contribute and prosper in a diverse and dynamic world.

Sincerely,

Jerry Greiner

"To some first years choosing a dorm is a hard choice, for some of us it was not. We are the dwellers of Grey Towers Castle. This year the castle went all first years, yet it is not for everyone. The concept of having more then one or two roommates is kind of frightening. However each room is different and has its own interesting architectural features. Besides the amazing building, the people that live here seem to have become very close and are constantly in and out of other’s rooms. The castle is a great place to live and work if you can deal with all the legends and the occasional haunting."
- Gary Rantz (Castle resident)

The Castle is a first-year coed residence hall and houses residents in rooms of two to six. Some rooms share a private bathroom. Campus Life
February 14, 2007: Not only Valentine’s Day, but also the first and only Snow Day of the 2006-2007 academic year here at Arcadia University. The campus was closed and all classes prior to 4:00 pm were cancelled. Despite the frigid temperatures, many students, in need of a break, bundled up and took to the soccer field with sleds in hand. As true Arcadia students know, the best sled and cheapest is a plastic garbage bag.

Arcadia Has A Snow Day

The hill behind the castle is the perfect place for sledding.

True Life: I’ve Never had a Snow Day

Valentine’s Day was extra special this year for First-Year Student Jen Cardinale; it was her very first Snow Day. Only a few weeks earlier had the Texan native seen snow in real life. “I’ve only ever seen snow like this in movies. I hoped that we wouldn’t have school because my flip-flops wouldn’t be able to handle this.”
The Office of Student Activities

The Student Activities Office within the department of Student Affairs is a partner in the educational process and mission of Arcadia University. Through the work and collaboration of the campus life staff and various student organizations, students are provided with diverse and challenging opportunities. These opportunities allow students to learn and develop as citizens, scholars, and leaders while in college and for life beyond.

With almost 600 students, the Class of 2010 is Arcadia's largest incoming class with record-breaking numbers that highlighted the local news broadcast. On Community Service Day, 562 students and staff generated almost 3,000 hours of service in just one day.

"Statistically speaking, your perception of college is not reality... I'm an accountant. There are three certainties in life--death, taxes and change... What you're thinking is going to happen here may not happen. It may be better than you anticipated. Education is your ticket to opportunity."

"Mr. Beaver is my favorite event on this campus. Seeing all of the cooperation and hard work that goes into piecing this event together amazes me, and the best part is that we're all participating just for fun. It is also a great way for new students to make connections with upper classmen and it shows a lot of school spirit for all people involved. Thank you Arcadia for making me your Mr. Beaver!"

Happy Hauntings were brought upon Grey Towers Castle again on October 27th with RHC’s Masquerade Ball. The annual fall event always brings out the ghoul in every student with a cast of characters ranging from Elmo and Ariel to Superman and Wonder Woman. The spooktacular night of fun and fantasy spans the greater part of the first floor of the Castle including the Grand Hall, and the Rose and Mirror Rooms.

Residence Hall Council hosted Knight Madness on November 9th at the Kuch Center. The annual program is the official kickoff to the basketball and winter sports season. School spirit peaked that night with performances by the cheerleaders, Knight Club, and more. More than $2,000 in prizes were awarded, along with giveaways to the first 600 people. It certainly was a great time to be a Knight.

Empty Bowl Dinner

Several volunteers molded and painted bowls for the annual Empty Bowl Dinner in November. The event serves as a way to help fight against hunger and homelessness. Attendees pay for their meal which includes food donated from local restaurants and individuals, and receive a handcrafted bowel which is theirs to keep.

“Participants take their bowl home to serve as a reminder of the many people in the world who live with an empty bowl every day,” says Cindy Rubino, Arcadia’s Community Service Coordinator. This communitywide event is planned by the Community Service Office in recognition of National Hunger and Homelessness Awareness week.
Late-Night Breakfast

The Late-Night Breakfast is held in the Dining Hall every semester the night before Finals Week begins. It's a last chance opportunity to score some free food and relax with friends before students begin to cram for exams. Faculty, Staff and Administrators replace the normal Dining Services staff for this twice-a-year event.
While thousands of other college students spent their spring break back at home partying with friends and visiting with family, more than 300 Arcadia students travelled to Europe for their spring break. Designed to great interest in studying abroad, Arcadia’s Spring Preview programs are a major part of Arcadia’s Promise of a global perspective. First Year students may participate in London, Scotland or Spain preview while upperclassmen transfer students may participate in Italy Preview. Each program includes about a week of travel and activities in the aforementioned destinations.

It was no ordinary trip to the Tower of London for this year’s students participating in London Preview. Some had an unexpected run-in with royalty. Left: Melissa Moy and Kate Hendel chat with HRH Prince Charles of Wales. “Meeting Prince Charles at the Tower of London was fabulous! He was very sweet and made my friends and I feel like royalty! It was a great start to my amazing week in London. I’ll never forget it!” - Kate Hendel
"My favorite memory from Spring Preview was definitely kayaking in Firbush in Loch Tay. It was an unbelievable experience because the weather was perfect, we were at the bottom of 4,000 ft. mountains, and I was with great people. It was quite possibly the best day of my life." - Chris Nappi

Rock the Cause

CSA's Inspiration for the Event
The idea for Rock the Cause was greatly inspired by the worldwide Live 8 concerts of July 2005. The entire world coming together through the universal language of music to do something powerful was greatly inspiring. It's not enough to just be thankful for our own resources such as food, clean water, health, and money. We need to realize that helping others less fortunate than ourselves is the humane thing to do. The fact that there are people without the basic necessities of life in 2007 is greatly appalling, and we are trying to do our part to change that.

Rock the Cause has one main goal, and that is to raise awareness about global poverty while also raising money to help in fighting this global issue. We wanted to create an event which fulfills social, educational, and community service objectives all at once. Rock the Cause offers a fun and upbeat concert atmosphere for all ages and all people to come together and learn about an important global issue. More importantly, we want our attendees to know that there is something they can do to help the cause.

- Commuter Student Association

“Last year, we raised $2,000 which was sent to Action Against Hunger. This year, we are raising money to fight poverty in America and in the war torn region of Darfur. This is a great opportunity for people to get involved, and we are so excited to see the outcome!!

As a senior, I’ve had the opportunity to take part in many academic and extra curricular activities. However, in Rock the Cause I found my proudest moment of my academic career. This benefit concert involves our campus, other colleges and universities, many bands and performers, sponsors, and the local community. To bring that many people together in support of a global issue has lifted my spirits and brought new hope to a brighter future for our world.”

Politically Incorrect strives to be an extension of the thoughtful discussions students have in class and perhaps serve as a catalyst for more intelligent debates in and out of the classroom.

Rotaract
The purpose of Rotaract is to provide an opportunity for students to enhance the knowledge and skills that will assist them in personal development, to address the physical and social needs of their communities, and to promote better relations between all people worldwide through a framework of friendship and service. Members of Rotaract engage in service activities on a local and global level.
Society for Castle Restoration
The Society for Castle Restoration is primarily concerned with the historical restoration and preservation of the Grey Towers Castle. Our goal is to raise awareness and pride in our historical landmark among the Arcadia University community. The SCR organization will plan and finance restoration projects throughout the school year.

SADD
Students Against Destructive Decisions
SADD was formed to inform and educate the Arcadia University community on the harmful effects of drinking and driving. The group combines prevention, education and information with practical solutions to the drinking and driving situation. Other objectives of SADD include reducing the number of alcohol-related deaths, injuries and arrests in university communities, and encouraging responsible use of alcoholic beverages by students of legal age who choose to drink.

Civility

Working Towards Civility
The membership of the Civility Group has identified the following as important elements for individuals’ consideration in an effort to work toward civility in the Arcadia University community:

- Respecting the dignity of all persons;
- Respecting the rights and privacy of others;
- Striving to learn from differences in people, ideas, and opinions;
- Discouraging bigotry;
- Demonstrating concern for others, their feelings, and their need for conditions that support their work and development;
- Acting with integrity.

Arcadia University Statement on Civility
The members of the Arcadia University Community encourage all individuals and groups to behave with civility. A community upholding civility respects the rights of individuals and groups. It is characterized by understanding and considerations of the differences among members of the community. The diversity of the University adds to the richness of campus life, and Arcadia University expects all members of the community to respect both differences and commonalities. The University acknowledges every community member’s constitutional right to freedom of speech and freedom of inquiry. Arcadia University also affirms every community member’s right to an environment that is free from harassment of any kind. The University will not tolerate the subjection of another person, group or class of persons to inappropriate, abusive, threatening, or demanding actions at any time.
The Arcadia Promise

Arcadia University promises a distinctively global, integrative and personal learning experience that prepares you to contribute and prosper in a diverse and dynamic world.

The Arcadia Promise sums up the collective experiences of generations of alumni and the collective efforts of the faculty and staff who create Arcadia’s distinguished learning environment. Arcadia students are challenged to achieve their full potential and recognize their ability and responsibility to make choices that affect the future of their world. Whether they pursue an undergraduate, graduate or continuing education path, they are part of a mutually supportive community. Through interactions with faculty, staff and peers representing a diversity of cultural backgrounds, they gain self-confidence and respect for others, learn by using the latest technologies, and acquire essential skills and knowledge that prepare them for a rich and meaningful life.

Welcome!
from the Director of Athletics & Recreation

At Arcadia University, your priorities determine your athletic opportunities. We design our programs to appeal to all levels of student ability and interest. The Knights offer fourteen NCAA sponsored intercollegiate programs. Men compete in: baseball, basketball, golf, soccer, swimming and tennis; Women compete in: basketball, field hockey, lacrosse, soccer, softball, swimming, volleyball and tennis. We also offer two club sport teams in Equestrian and Cheerleading.

Here at Arcadia, we are strongly committed to the Division III philosophy of ensuring that athletics programs are an integral part of students educational experience. Our student-athletes have been very successful both in the classroom and on the field, and we continually seek ways to increase their opportunities for competition.

Since 1992, Arcadia has been a member of the Pennsylvania Athletic Conference (PAC) along with Alvernia College, Cabrini College, Cedar Crest College, Eastern University, Gwynedd-Mercy College, Immaculata University, Marywood University, College Misericordia, Neumann College, Rosemont College and Wesley College. Arcadia teams have accumulated fourteen conference championship titles, and our student-athletes have garnered an abundance of All-PAC, All-Regional and All-American honors. In 2006 alone, 94 of our student-athletes posted a 3.2 GPA or higher during their season of competition.

Recent News:
Beginning in August 1, 2007, the Knights will join the Middle Atlantic States Collegiate Athletic Corporation (MASCAC), with membership in the Freedom and Middle Atlantic Conferences. The MASCAC will afford the Knights the opportunity to compete for conference awards, championships and NCAA Automatic Qualification in soccer, field hockey, volleyball, basketball, tennis, golf, baseball and softball against other Freedom Conference members.

*Go Knights!*
Dear Seniors:

As you look to the next few years, I hope you take a few minutes to reflect on the experiences that you have had as students at Arcadia University. Your contributions to this institution and to the quality of the experiences we all have as members of this University community are important aspects of the Arcadia experience. Thank you for being active members of campus life.

Each year I have the opportunity to bid the graduating students farewell and to offer my congratulations on your accomplishments. It is a great joy to watch you learn and grow in this environment and to learn and grow alongside you. Many of you have contributed to the person I am and have helped me understand your experiences and aspirations. With your help I am able to provide leadership to others to continue to work toward enhancing this environment for our students. Many of you have shared your energy, ideas, creativity and dedication in various roles as student leaders, student athletes, performers in varied productions, volunteers, and as outstanding students.

As you move into the next phase of your life I wish you tremendous success. It is my hope that you reach beyond that which is easily reachable and that you stretch yourself in as many ways as possible. If you find yourself being comfortable, think about what it takes to go the extra mile and take someone else along for the ride. Your life touches the lives of many others, consider what you can do to make the world a better place for all of us, especially those who will follow in your footsteps.

What will you be doing a year from now, or two or three years from now? Be intentional about the decisions you make. Take charge of your experiences and make a difference every way you can. As I think back over the many graduating classes and the hundreds of alumni I have remained in contact with over the years, there are two common threads that come to mind about those who have been successful. The first is their willingness to engage others and be engaged with those around them. Each person's connections with others establish a stronger community for others. The second thread is the presence of a common respect. By common respect I mean that individually and collectively those who succeed respect others and themselves. As we have moved to a community that works to enhance civility, it is the respect of self and others that seems to effectively motivate an understanding and appreciation of others in this university community.

I challenge you to engage, respect and be intentional in all you do. Thank you to each of you who have made this a better place, a different place, because you have been a part of it.

Congratulations and good luck to the Class of 2007!

With my best wishes to each of you,

Jan Walbert
Vice President for Student Affairs
This annual event for the senior class officially begins the countdown to graduation. At this point in the year, there are only 87 days until the commencement ceremony.
Patrick Gleeson
Hailing from Southampton, Pennsylvania, Patrick graduates with a bachelor's degree in Mathematics. While at Arcadia he also studied Education and Italian.

How has studying abroad impacted your life?
“I felt like a different person when I got back from studying in Italy. When I came back, I was more responsible and independent than ever before. The experience opened up my mind to a completely different world and culture. I don’t think many people can say that about their school.”

What’s your advice to this year’s First-Year students?
“Take advantage of everything you can here. There are so many opportunities for students to get involved in and not nearly enough people realize it. The decisions that you make today pave the way for your future tomorrow. Study abroad, socialize, and stay in school as long as you can.”

Monica Mansfield
A native of Woodbury, New Jersey, Monica Mansfield graduates with a degree in Mathematics with a concentration in Actuarial Science. She has also studied Italian and has served as a Resident Assistant for four semesters at Arcadia.

Which professor do you feel you learned the most from?
“Ana Maria Garcia taught me things that weren’t in textbooks.”

What will you miss the most after graduation?
“Getting up 10 minutes before a class and being there before the professor. That isn’t going to be possible at work.”

What’s your advice to this year’s First-Year students?
“Participate in something. And, of course, remember: Everything in moderation.”
Chadd Balbi

Originally from Perkasie, Pennsylvania, Chadd graduates with a bachelor's degree in Corporate Communications and has been greatly involved in the Student Programming Board here at Arcadia.

Which professor do you feel you learned the most from?
“Although she is not a professor, as far as Faculty and Staff goes Jan Walbert has helped me the most. From being there to talk to, offering me words of encouragement, and offering me a position that changed my career goals. She is such a great person and mentor that has changes many people's lives.”

What are your future career plans?
“To either work as a College Talent Agent, or Work in a Student Affairs Office.”

Sara A. Accardi

Graduating this year with a bachelor's degree in Theatre Arts & English, Sara comes from Levittown, PA.

What has been your most memorable experience during your four years at Arcadia?
“Choosing one experience is difficult task. But I suppose I could sum it up by saying the endless nights performing with my best friends/family here at AU. Being a theatre major means so much more than just having the opportunity to perform. The time, as well as tears and laughter that you share throughout a rehearsal process is extremely memorable and special in so many ways.”

What’s your advice to this year’s First-Year students?
“The best advice I can give to first years, would be to stay focused, and don’t sweat the small stuff. The time and effort you put toward things that don’t really matter, take time away from and make you sacrifice time that could be spent on those people and things that really do. Take every opportunity you can to explore new things, and most important-- if you want something to happen, you can make it happen. Everything is possible.”

“After graduation I’ll miss all the friends I’ve made at Arcadia. I’ll never forget all the amazing people I’ve met and experiences I’ve had with them.”

Commencement Ceremony on Kuch Field
Alma Mater dear,
The years have o'er thee swept
But stainless still thou has kept
So hail Arcadia, hail, we say!
Fling high the scarlet and the gray
We shall keep irradiant with truth
Thine everlasting youth
Mother tried and true,
We pledge our life to thee.
We pledge thee all our fullest faith
In loving service free
So hail Arcadia; hail, we say!
Fling high the scarlet and the gray
To the finest in the land
We lay down our heart and hand

The beauty of a child is in her expression
For one can see joy every time the world looks here
Jessica, at 2 or at 21, you are that flower that forever
Shows herself flourishing from birth to present and
Now you will continue with your love and strength from the
Depth of your being rising and continue to show to the world
That we are the laughter that comes forth, the cries that
Dry and understand and learn and move forward and
Conquer for the wellbeing of other joys in the world
With the gifts from God that He has embedded in you
Guide others from cries to joys as yourself learn that you will always
Have angels guiding you.

Love always,
Mommy, Dave, and Zachary

Congratulations
For my one and only granddaughter.
Vicky for me you're like the softness of
Snowflakes in winter.
You're like the beautiful field of daffodils in spring.
You're like the warmth on my face
From the sun in the summer.
Your cheerful and colorful ways remind me of the
dancing leaves of autumn that swirl around in fall.
I wish for you all the happiness that each season
Will bring to your future
A journey to a beautiful life
Love always, Nonna

From Heaven Above
Your dad danced with you at the christening to
the song "you light up my life"
In his honor always keep that light!
If you listen closely to his whisper,
You will hear him say

CONGRADULATIONS!!
WE LOVE YOU!!!!
Love, Mom, Dad, John and Rachel
Rachel,

From early on with those beautiful blues, and infectious giggle, we always knew you would do wonderful things with your life. Always so caring, and giving, putting everyone before you. Now, a woman, ready to take on all the challenges that life can dish up. We have no doubt that this will be a problem for you; you went from a little girl away for the first time, crying to come home, to a self sufficient woman ready to take it all on. We always have been, and always will be ever so proud of you. Congratulations on your amazing achievement, and always remember.......... Never say can't, you can do anything!!!!

With so much love,
Daddy and Linda

Today is not the day you quit. Nor is it the day you cry. Today you know that you have all the passion and the wisdom to find that quiet center of solace, serenity and strength necessary to create and sustain an authentic life.

Melanie C. Koenig

Take a leap of faith and begin this wonderous new begining by believing. Believe in yourself. Believe that there is a loving Source–––a Sower of dreams–––Just waiting to be asked to help make your dreams come ture.
Danielle Angela Mignone

Graduation is a time
For feeling very proud,
For thinking lots of lovely thoughts
And saying them out loud.

It's a time for feeling love
About to overflow,
And just before it leaps its banks,
To let the loved one know.

And we're so very proud of you
For being who you are,
For making something of yourself,
For making it this far.

We're proud because we are a part
Of everything you do.
This time's the time to say how much
Love we have for you.

We love you...
Mom, Dad, Joey,
and Justin

Enthymion Yearbook of Arcadia University is the student-run organization that creates the annual yearbook. The staff members work to make the year’s memories tangible.

With Special Thanks to... Dian Taylor-Alleyne (Director of Student Activities) and our Advisor, Nick Luchko for all your help and guidance throughout the year. Enthymion would also like to thank Professor Josh Blustein for allowing us to use his photos in our book. Many of the photos featured in Enthymion were taken by him. Thanks to everyone else who allowed us to use your photos or otherwise helped us capture the moment even if we weren’t there.

Editor in Chief
Amanda Ewald (Fall 2006)
Dustin Krautter (Spring 2007)
Letter from the Editor

This past year was a difficult one for Enthymion as it tried to find itself again after the loss of the direction, passion and leadership of the editors who graduated in May 2006. I took on the role of Editor in Chief in January 2007 and together with the remaining staff, worked throughout the spring semester and summer to create a yearbook that the entire Arcadia Community could enjoy. I hope we have succeeded and that you will cherish all the memories found within these pages.
