BEAVER COLLEGE
Never Before... Never Again

Will there be another time where friendships can blossom, lessons will be taught (some learned, some not). A time where you can lay awake in bed at night and talk for hours - giggling, crying, chatting to a person you feel like you have known forever, but only just met freshman year. Through our years at Beaver our lives have all changed. We have become scientists, teachers, psychologists, computer technicians and programmers, writers, healers, business head, and so much more. We have found a home at Beaver College. Never before has a class witnessed so much change in so little time. From the new Dining Facilities to Murphy Dance memories, we, as a class, understand the benefit of change. Although our time here at Beaver is up, it will always remain in our hearts. Keep reaching for the stars. This is only the beginning of your future!

"Another turning point, a fork stuck in the road. Time grabs you by the wrist, directs you where to go. So make the best of this test, and don't ask why. It's not a question, but a lesson learned in time. It's something unpredictable, but in the end is right. I hope you had the time of your life. So take photographs, and still frames in your mind. Hang it on a shelf of good health and good time. Tattoos of memories and dead skin on trial. For what it's worth, it was worth all the while. I hope you had the time of your life." Green Day

The men's soccer team had more than new uniforms to celebrate about this year. Never before has Beaver seen a men's soccer team play with such heart and soul. They had a great season. The Lacrosse team plays hard and achieves. *Pictured above:* The team is always on the run. Below: Jen Custer takes control of the game.
Every year Beaver College hosts the *Empty Bowl Dinner*. This charitable event raises money for the hungry. The art students of the college as well as the surrounding high schools and elementary schools create bowls and donate them to the event. This year’s dinner was a success as always.

Pictured: The bowls that students have to select from at the *Empty Bowl Dinner*. What tough choices! Student bowls on display.
Even youngin’s pitch in to stop hunger. Don’t Jon and John make support look yummy? Proud bowl owners! Even the most unusual looking bowls get selected.
"...May your wishes all come true,
May you always do for others
and let others do for you.
May you build a ladder to the sky,
and climb on every rung.
May you stay forever young.
Forever young; forever young.
May you stay forever young."
"May you grow up to be righteous,  
May you grow up to be true,  
May you always know the truth,  
and see the lights surrounding you.  
May you always be courageous,  
stand upright and be strong.  
May you stay forever young.  
Forever young, forever young.  
May you stay forever young."
Bob Dylan
Mr. Beaver is one of the most unforgettable nights that any student will ever experience at Beaver College. It is a time to be silly, a time to work hard, build friendships and hall community. A time to step out of yourself and be someone you are not. Never before has an event on campus brought so many students together to have such a good time. This year Mr. Beaver turns 20. And the winner is... Ru Paul!
Halloween is extra scary at the Haunted Grey Towers Castle. But the students here know how to party even when they are creeped out.
Kung Foo Fighters cute as always. Getting down at the dance. What a cute couple. Don't these two look peachy? All dolled up!
"When you dream, what do you dream about?

Do you dream about music or mathematics
or planets too far from the eye?

Do you dream about Jesus or quantum mechanics
or angels who sing lullabies?

When you dream what do you dream about?
"When you dream, what do you dream about?
Are they color or black and white,
Yiddish or English or languages not yet conceived?
With so little experience,
your mind not yet cognizant,
are you beyond your few days?
When you dream, what do you dream about?"
This year the Beaver College faculty, staff and administration decided to have some fun and bring students together at the same time. So they decided to put on a Town Farce. The faculty, staff and administrators had a blast making fun of themselves and students, as well as current events in the world. To top the night off there was dancing by the cast and a trip back in time with a finale straight from the sixties. It was a side of the staff that many students have never before seen and it was worth the laughs.

The faculty gets goofy. Do you recognize these out-of-character people?
What were they thinking? Letting loose at the town farce.
This year’s Cotillion was moved to the Dining Facility in order to accommodate the crowd. Never before has this dance been held anywhere but the Castle. However, there will never be another class that can say that they saw the dining hall transformed into Simple Elegance!

Everyone who attended the dance was all smiles! All dressed up, doesn’t everyone look nice!
Crowned Queen Melissa Thomas with King Dave Bruno, surprised at all?

Friendly faces celebrate and relax at the Cotillion, a time to party instead of studying!
Jaun Pacheco and his group stay in character for a winning pose. Bobbie Horvath plays a perfect bride. Oh My God! It's the Spice Girls!
The Student Government is not all work. This group not only helps develop and support groups on campus, it becomes a family. Never before has this group had so much fun.

SGO goofin' around. Next year's board being sworn in at the awards ceremony.
Students Against Drunk Driving hosts "Ghost Out Day" to help remember all those who have died or suffered at the hands of drunk drivers.

Members of the SADD organization work to remind students not to drink and drive.
Students participate in the very special event known as "Ghost Out Day."
"These are the days you’ll remember. Never Before and Never Since, I promise, will the whole world be warm as this. And as you feel it, you’ll know it’s true that you are blessed and lucky. It’s true that you are touched by something that will grow and bloom in you. These are the days you’ll remember. When May is rushing over you with desire to be part of the miracles you see in every hour. You’ll know it’s true that you are blessed and lucky. It’s true that you are touched by something that will grow and bloom in you."

"These are the days you might fill with laughter until you break. These days you might feel a shaft of light make its way across your face. And when you do you’ll know how it was meant to be. See the signs and know their meaning. It’s true, you’ll know how it was meant to be. Hear the signs and know they’re speaking to you, to you." -10,000 Maniacs

Special thanks:

I would like to give special thanks to all of those people who supported me to the very end of this. You all know who you are. You never doubted me, even when I doubted myself and I thank you for that. Thanks to all of those students who contributed pictures. Extra Special thanks to Rylan Ernest, Kristin Daly and Heather Miller for their hands on help with the book. Jeff Ewing and Brian Watkins- thank you both for second chances. To the class of 1999, thanks for all the memories! Good Luck in the Future!

"I will remember you. Will you remember me? Don't let your life pass you by. Weep not for the memories. Remember the good times that we had? I let them slip away from us when things got bad. I'm so tired but I can't sleep. Standin' on the edge of something much too deep It's funny how we feel so much but we cannot say a word. We are screaming inside, but we can't be heard. And I will remember you. Will you remember me? Don't let your life pass you by. Weep not for the memories."
