MAKING THE MOST OF FRIENDSHIP
In a class of thirty, professors know your name (and when you've skipped class). Some of them even know who you are dating. Staff members often work side by side with student workers on a daily basis. They take the time to get to know you and they may know you better than you think. They care about you, not only as a student, but as a person. Administrators, professors, and staff members inform us about our limitless options and help us plan our futures. Our education is important to them. They are knowledgeable in their fields and they are enthusiastic to share that knowledge with us. Professors engage our minds, push our abilities, and support our efforts. The administration, faculty, and staff at Beaver College are one of a kind when it comes to personal attention. They truly care.
Dear Graduates:

I recently had occasion to have dinner with a ninety-nine year old. He spoke of the America in which he grew up—no automobiles, planes, radios, let alone televisions or computers. As a research physician, he, himself, had contributed to some of the miracles of modern medicine. He is a world class violin player, an expert photographer, writer, and researcher. He still travels extensively in pursuit of his many interests. Just to be with him is to share in the joy of living and the many bounties of a fulfilled sense of being.

Most of you can look forward to many decades of life characterized by ever more rapid change. How can a college possibly prepare students for a world that will be so very different from the one we know today? Perhaps in this gentleman is the answer. I hope that we have given you a zest for learning and an ability to respond creatively and responsibly to the many changes that will mark your world in the 21st century. I hope you have come to value the rich variety of peoples and cultures that make up this planet. I hope you see your education as a gift that obligates you to give to others less fortunate. And, I hope you find joy and the many bounties of a fulfilled sense of being.

Dr. Thomas P. Dougherty, 
Assistant Chemistry Professor

We dedicate this yearbook in loving memory to our professor, friend and inspirational leader, Thomas Dougherty:

It is funny how a person can impact your life and you do not realize it until he is gone. One such person is Dr. Thomas Dougherty, Professor of Chemistry, who left this world on June 30, 1997.

So much can be said about the person he was, and it is hard to know where to begin. Dr. Dougherty was a friend to the students, always available for questions or for a quick chat. His office door was permanently open and his phone was constantly ringing off the hook. He was not just a great teacher; he was a great person and friend.

The students were not the only people who looked up to him. He acquired a great amount of respect from the faculty and staff at Beaver College in the short time he was with us. If you ask anyone on campus what type of person Thomas Dougherty was, they would only have good things to say about him. Kind, loving, and understanding are just a few of his qualities.

Many people influence our lives, and most of the time we do not realize it. Those of you who did not know Tomas Dougherty missed out on a great relationship with a wonderful person. Everyone who knew him will sadly miss seeing his smiling face around campus. Wherever he is, he is looking down on us here - we must remember the good times that we had with Dr. Dougherty, a friend, teacher, and confidante. Dr. Dougherty taught us not to be afraid to reach out and get close to someone, a lesson that extended beyond the classroom.

Sports have always been an integral part of the Scarlet Knight experience. This year, the Knight athletes worked hard and played competitively. Many teams made it to the PAC championships, cheered on by loyal fans and supportive coaches. Whether the team was successful or not, the athletes learned that perseverance, as well as friendship and team unity, are essential elements of the game. As the year comes to a close, memories of exhilarating wins, heart-breaking losses, and teammate camaraderie characterize the 1997-1998 season.
"It was great to see our dreams and great expectations finally become a reality in a very impressive season."

— Steve Moyer, Co-Captain

Clubs and organizations are the epitome of Beaver’s diversity. They provide the opportunity for students from all walks of life to gather together and share opinions and ideas on how to shape and improve the college. Whether it be through religious expression, student government, or cultural awareness, these groups provide the necessary forum for the student voice to be heard. Clubs and organizations make it possible for students to take active roles in their college experience.

The time that we spend together away from the classroom allows us to build friendships and establish long lasting relationships. Whether it is during Mr. Beaver, at the Cotillion, or in the beer garden at Woodstock, extracurricular activities permit us to relieve our stress while providing us with an escape from the daily grind. The memories we have of our days and nights at Beaver are as dear as our diplomas because when we reminisce, it will be of these times, these people, and these events. The life we live outside of the classroom is what truly defines our memories of Beaver, and why these will always be the best times of our lives.

College is about learning. It's about learning how to listen, how to speak, how to think. Learning who you are, who your friends are. It's about learning what's really important to you, and learning what you really don't care about. College is about learning how to tolerate, how to accept, how to love. Learning how to give as well as receive. College is about learning how to treat people as people, not as stereotypes. Learning how to achieve, how to succeed, how to accomplish. College is about friendship and making memories that will last a lifetime. It's about learning how to miss people enough to not stick them in the past, and how to not miss them so much that it keeps you from moving into the future. Beaver College is about learning. Learning how to live.

I would like to thank my parents for working so hard to keep me here for the best four years of my life, John, for all the memories and for always keeping it real, Amy, for bringing me all the happiness in the world and all my suitemates, Grant, Trevor, and Ron for all the times I can't remember. Above all I will never forget being a freshman, John Gross, Third North Heniz, riding with Jac, getting off the castle roof, voting and brushing my teeth, and Glenside, the city that never sleeps. Thanks to my friends—you know who you are! Special thanks to John and Patricia, I will never forget you two! As this chapter in our lives comes to a close words fail me to say goodbye. Therefore, I leave you with the words of Christopher Robin and Pooh Bear as they bid farewell: "Pooh, promise you won’t forget about me, ever. Not even when I’m a hundred." Pooh thought for a little. "How old shall I be then?" "Ninety-nine." Pooh nodded. "I promise," he said. Still with his eyes on the world Christopher Robin put out a hand and felt for Pooh’s paw...So they went off together. But wherever they go, and whatever happens to them on the way, in that enchanted place on the top of the Forest, a little boy and his bear will always be playing. –A.A. Milne

I’d like to extend a special thanks and love to my mother, Mary, for her unyielding love and devotion to me for making my college experience as pleasant as possible. Know that I love you with all my heart. To Seigrigd Nixon, the best friend I’ve ever had (and probably will ever have) for her support, and more importantly, for wrestling with my many demons. Know that you’re loved. To my sisters, Yolanda and Leitia, know that while I am not the most expressive person in the world that I love you two dearly. I hope that some day you’ll be able to appreciate my actions, that I only want the best for you. While I’m far from perfect, I hope that I have or will in some way inspire you to do great things, to serve as role models for future generations. For those whose names I’ve not mentioned due to word constraints, know that I am eternally grateful for your contributions.

I can't thank my parents enough for the support and love that they've provided me over the last 22 years. MOM and DAD I love you and thank you with all my heart for the academic and social support you've given me. The goals that I've achieved are as much a part of your support and love as they are of my hard work. For the goals I've achieved would be unobtainable without your support. To my friends and acquaintances, "What lies behind us and what lies before us are small matters compared to what lies within us." — Ralph Waldo Emerson Quote: "If you observe a really happy person you will find them, not searching for happiness, or the ultimate goal of life in itself, but they will be striving to achieve success in the day. For the day is the basic goal of life.

Stancil, thanks for driving me around and I Love You all. To my best friend Gloria, we did it girl!! Finally to Kay and my friends in suite 303 I Love You all. Quotes: Ye are of God little children, and have overcome them: because greater is he that is in you, than he that is in the world. (1 John 4:4); I can do all things through Christ who strengtheneth me. (Philippians 4:13)

Mom and Dad, Thanks for all your love and support. Thanks for all of the
sacrifices you’ve made for me over the years and for always standing by my
side—I love you both! Mike, what can I say, you’re the best brother a girl can
have. Love ya! Karen, you’re my best friend and you always will be. You’re
the only one who truly knows me and understands me. We’ve been through a
lot together, and through it all you’ve always stood by my side. Thanks from
the bottom of my heart. Jaime, Donna, Don, and Debbie; In each of you I have
found a friendship that I’ll treasure forever. Quote: “I shall be telling this with
a sigh Somewhere ages and ages hence; Two roads diverged in a wood, and
I— I took the one less traveled by, And that has made all the difference.” —

would not be where I am today. I owe you my life. To those
unforgettable friends who I have met here at Beaver—thank
you for the crazy memories. Quotes: “Love your Life. We
cannot listen to what others want us to do.”

IN LOVING MEMORY

OF

GOLNAR ASSAD

Now it is time to
wipe away the tears,
To smile and remember
without any fears . . .
The wonderful times that
our minds and hearts keep
Of the friendships we shared
that were so very deep.
She helped us challenge our souls
with life's greatest gifts,
And her magical smile could always
send troubles adrift.
She was the one we could turn to
in all our times of need,
A source of compassion and strength,
she was a special friend indeed.
Now we return this gift to her
by keeping her energy alive,
And through us her memory
will forever survive.
So as we wake each day and see
the sun shining brightly in the sky,
Let us always think of Golnar and the
way that she touched our lives.
