The Log 1997
Actually, as a continuing education student, I must say that my years at Beaver offered me a wonderful bridge to the past: to intellectual stimulation, to a feeling of youth and excitement about the future. Beaver College provided me with a practical as well as an academic approach to learning. I now have new understanding and up-to-date tools; I am ready to move on to the next stage of my life.

- Belinda Glijansky

Beaver College has given me the courage to accept all types of people, to not always be a follower, and to believe in myself and my abilities.

- Jill Bricker
Beaver acted like a toll bridge -- it made you pay an awful lot just to travel a short distance !!! I’ve also learned to question authority.

- Bill Decker

As I cross the seemingly endless bridge into my future, Beaver has given me a sense of independence. I am no longer afraid to do things on my own. I will enter the future with an increased confidence in my abilities and a “never say die” attitude thanks to my four years at Beaver.

- Richard Swallow
Beaver had helped me build a bridge to my future by teaching me what is most important in life—family, friends, good times, and knowing who you are.

- Carrie Coleman

These four years have shown me that life is full of opportunities, and that you must take each one to have no regrets and to live life fully. Beaver has built a bridge for me by bringing out my hidden talents and letting me show them to the world.

- Tracy Reed
Through Beaver I’ve gained much more than an education; I’ve gained friendships that will last a lifetime. It’s allowed me to mature and become what I am now . . . whatever that might be.

- Walt Cadmus

My years here at Beaver College have expanded my understanding of the world and humanity. Hopefully the knowledge that I have gained will enable me to excel in any position I choose in life.

- Lesleyann Yanavage

ADMINISTRATION
To the Graduating Class of 1997:

T. S. Eliot tells us:

\[ \text{Time present and time past} \\
\text{Are both perhaps present in time future,} \\
\text{And time future contained in time past.} \]

This is a time of transition, where memories of the college years begin to become part of the past that is your new future. In an important way, all that you have been doing these past few years has been part of your preparation for that future. Our hope is that we have given you the tools and sustainable friendships that will serve you well in the many different futures that will fill your lifetime.

We who are your teachers, supporters and partners in mutual growth and learning remain dedicated to your continued progress. Our reward is in your success and in your keeping us informed of your changing lives and future achievements. Do not forget us as we shall never forget our shared time together and all you brought to making the Beaver community a vital and living presence.

Special thanks to my true friends who have been there for me through it all. Thank you to all the faculty and administrators who have given me time and helped me to open my heart. The biggest thanks and appreciation goes to my parents- always remember that I love you and that my life is special because you have helped me make it that way. Mom and Dad, I want to thank you for always giving me the support and courage I’ve always needed. Krista, Mathew, and Stephen, what can I say about the best brothers and sister ever besides thanks for all you’ve done for me. I love all you guys! Molly, I will never forget all of our times together and the lifetime of friendship we have yet to experience. I love you!

Personal Quote: “Don’t let anyone ever tell you that you can’t do something, with a little bit of hard work you can accomplish anything.”
Robert S. Rothman

I would like to thank my family most of all for all their support and encouragement over the past four years. I would also like to thank Lori, Kim, Holly, Jen K., and Georgia for becoming the best friends I have ever had. I will never forget all the times we have shared. To Meg, Wendy, Jess, Shanna, and everyone else thanks for making my year so memorable. I'll never forget wiffleball with the Homegirls, the unexplainable all-nighter, the "bizillion" trivia games, picking up the broken "pieces" on the recovery Saturdays, 80's night, TV theme songs, swooning at St. Joe's, drowning in waterfalls, ruling karaoke, sunglasses at night, the big e-mail injury, chicken fajitas, ging "Greek", live WWF matches, making Mad Libs, pterodactyl noise, riding the tricycle, one brunch per weekend, the "yard", Red Dog collection, watching movies, and the big party that almost never was. Does anyone remember...TAB??

To all the friends I’ve made—especially the girlies in C202—there will always be a special place in my heart for you. Whether we have remained close or we have drifted apart through the years, I will never forget the times we have shared. I love you all and I will never forget any of you.

Personal Quote: "College life is the grand make-believer; the bitter reality; the party that never ends; the race that is never won. The religion is faith; the creed is hope; the motto is 'next we study'. Graduation

May 16, 1997 will be remembered as the graduation that survived a wind storm. The guest speaker was Dr. Emma Chappell, Founder, Chairman, President and Chief Executive of United Bank of Philadelphia. The special day was enjoyed by all.

Gregory,
The four years which have passed since we watched a boy leave Sterling High until now when we see a man about to graduate from Beaver have gone so very quickly. Your conversations, which used to be about playing ball and new experience on a college campus, have shifted to graduate studies and career paths. Your heart and integrity on the soccer field far surpassed our expectations. You have made us very, very proud.

Our best wishes and our love as you continue on life's path. Always be yourself and the world will be yours.

Love you!
Dad, Mom, Mart, Karen,
Susanne & David

Jennifer Fenstermaker
From Golden Books to Freud... You've accomplished so much.

Congratulations and Best Wishes.
Love,
Mom, Dad, and Matt
CONGRATULATIONS
