THE LOG
Beaver College
450 S. Easton Road
Glenside, PA 19038-3295
For Beaver College and its community, change is something that can be easily related to. We are surrounded by changes everywhere we look. New buildings have been, and are still, being built as well as additions to existing buildings. Not only has the College changed, but the students have as well. Throughout their years at Beaver College, students grow in knowledge and understanding of the world around them. This year's theme deals with all of the changes Beaver College and its students have gone through over the years.
During my years at Beaver, the college grew by expanding the campus facilities, enrollment, and educational programs. I, like the college, have also grown. Being more mature, self-disciplined, and learning how to problem solve and think more creatively are only some of the ways that I have developed. I am confident that Beaver College and myself will continue to expand in many ways to meet the challenges of the future.

- Adam Chosed

As Beaver has grown, so have I, in my respect for the uniqueness of others; in my respect for myself; in the way I perceive the world; and in the way I've come to appreciate life and the various challenges it presents, good and bad.

- Steve Toth
Beaver College has changed for the better, and so have I.

- Donna Mashintonio

There is no doubt in my mind that Beaver College had made me a much more well rounded individual. This broad base of knowledge has also instilled in me a greater sense of confidence about the future and my personal career goals.

- Lisa Nelson
This year the entire college community was shocked and saddened by the death of junior Golnar Assad. Although her life was short, those who knew her will tell you that it was not empty. Her endless smile lit up every room she entered, and she’ll always be remembered for that. Golnar will forever be missed and never be forgotten. This year’s Log Staff would like to show their respect by dedicating the 1996 Log to Golnar Assad.

One day at a time, this is enough-
Don’t look back and grieve over the past,
    for it is gone;
and do not be troubled for the future,
    it is yet to come.
Carry us with you.
Our hand is there.
Our love is with you.
Hope.

To the Class of 1996:

Margaret LeClair, a former dean at Beaver College, used to exhort new graduates, "Some people will tell you that with graduation from college you are completing the best years of your life. Don't you believe it. It would be sad, indeed, if life were downhill from this point on."

Certainly, we at Beaver hope that these college years have been one of a number of high points in life's passage. More importantly, however, for your college education to fully realize its promise, it should have equipped you to achieve ever more impressive goals and to revel in the joy of life-long learning. You should now have a heightened desire to explore the unexplored, to seek new insight, and to probe the ever changing world in which we live. I hope you come away from Beaver with a deep commitment to engagement in the political and social life of your community and to service to others. May you rejoice in each new day with its attendant mystery waiting to be discovered—the glory of the sunset, the dew upon a pink petal, the unknown face in the crowd, or being in a new place with new people.

This is the essence of a good education—the creation of a need and a responsibility to know, and the attendant joy that such knowing engenders.

Sincerely,

Beaver has instilled in me the instinct to always aim for excellence; to never settle for the average; to examine how everything I do can be improved. Beaver has made progress in becoming a multicultural college, meeting the needs of the various ethnic and racial groups within the student body.

- Tracy Latham

Throughout my four years at Beaver College I really got to know myself better than I ever thought I could. And as a result, I now have a clearer picture as to what I want my future to be, including those special people with whom to share it with.

- Melissa Koller

When I came to Beaver as a freshman, I was very much a free spirit. Now, as a senior, I still have fun but I take my work a little more seriously. I know the real world is quickly approaching and I want to be ready for it.

- Tina Goldenberg

The international student population has expanded significantly in the four year I have been here; the male/female ratio has become more even since I began here; the presence of other minority groups has increased as well. This place looks very different in many ways from when I began, both in the look of the campus itself and in the faces of the people that are a part of it.

- Sara Keener

Beaver College has continually grown and changed over the years. I can still remember when there was no Kuch Center and the mail room was in the basement of Heinz. Along with all the physical changes on campus, we have undergone intellectual and mental changes. I have learned so much from classes, but I have also learned about life outside of school work. I am confident that those who are graduating with me are leaving here prepared to make a difference. And even though I’m leaving here with an empty pocket, my heart is full of many memories and unforgettable friends.

My first Beaver experience was during orientation, which was truly exhilarating. Unfortunately after orientation I was tossed into a nightmare roommate situation which no freshman should ever have to suffer from. But, with the help of Beaver students and faculty I was able to survive and even benefit from the experience, instead of being destroyed by it. As a result of the Beaver's positive community atmosphere my outlook on the world and my place in it has changed. Mom, Dad & Annette - we’ve been through hell and back; and what a ride it has been. Thank you so much for giving me the opportunity, love & support to get me this far. I LOVE YOU guys. To all the friends I’ve made over the past four years- Rebec, Sue, Ang, Lisa, Steph, Alicia, Joy & Heart, I don’t know what I’d do without you all. You’re the greatest. Congrats. KIT. A special thanks to Franco, who was there with me to hold my hand through the toughest time in my life. There will always be a place in my heart for you.

PERSONAL QUOTE OR PHILOSOPHY: “I knew I’d laugh at the times I cried, but I never thought I’d cry at the times I laughed” -unknown

Live each day to the fullest b/c you never know what tomorrow may bring. Life is like a roller coaster - always moving forward, & just like life it stops!
Thanks to my parents for all the care and support they gave me through these difficult four years. Thanks to my sister for being a "pushy" sister. Thanks Frankie, for keeping me on track when I didn't think I could do it. Finally, thanks to all my friends for those entertaining mall trips and relaxing lunches, they did a world of good.

PERSONAL QUOTE OR PHILOSOPHY: "Keep smiling, people will wonder what you are up to."

I would like to thank my grandparents, if not for you I would have never experienced college and the "finer" things in life. I would also like to thank my mom and dad for making me the person I am today. To Janice, you mean more to me than you know.

To JC, we met in sixth grade and have been friends ever since- who would have thought! AD, sorry about the "accident", and thanks for being there when I needed someone to cry on. To my Be-Fri, you have been the best friend anyone could ever want. I'll never forget all the interesting things we've been through in the last four years. You taught me a lot about how real friendship is supposed to be-thank you.

To TH, "Thank You". To DA, thank you for "dancing" into my life at just the right time. We've been through a lot and you've stuck by me no matter what. Thank you for making the last few months unforgettable. I love you sweetie!

First, I’d like 2 thank God 4 seeing me thru these past 4 1/2 long years. I also want 2 thank my 2 most “bestest” friends (if there is such a word) in the world—Yolanda and my sister Michelle (“Bub”), who stood by me throughout all of the good and rough times of my life. I will always love you 2 for that. Mom & Dad, thank you 4 giving me life & steering me in the right direction. I can’t forget my “Non-Gratz” friends Trina, Gail & Monica who I had a lot of fun times with. And to younger brother, Quincy-thru all our good & bad times we shared, I hope my accomplishments are an inspiration 4 you to keep striving for the future. **ACTIVITIES:** Baseball, Basketball, Intramural Basketball, Orientation Leader, Resident Assistant, Yearbook.

There have been few constants in my life, but I've always known I could count on my friends. And although true friends are long sought and hardly found, I've been lucky enough to find several. Dan—your great friend, you stuck by me when no one else would, you defended me when everyone else put me down, and the one that boggles my mind the most, you managed to live with me for a year. Chris—you've shown me what it's like to have a brother. No matter how long we're apart, when we get together I always feel like it was just yesterday that we were shoveling the courts to play ball. Jenna—my cute and cuddly Shrew—it's been 2 1/2 years (it seems like SOOOO much longer) and I'm not sure exactly what my future holds, but I hope you'll be there with me to find out. I love you. —Steven

There are several people I would like to thank. First, thank you to Jason, my best friend. Even though we have been miles apart, I couldn't have done it without you! Next, I need to thank my roommates in Castle 202—Carrie, Danie, Olga, Sandra, and Staci—thanks for a great year! Special thanks to Sara Keener who has helped me know myself better. Thank you to all of my friends—you know who you are. Finally, of course, thank you Mom and Dad for your continuous love and support. Without you these four years would not have been possible!

**PERSONAL QUOTE OR PHILOSOPHY:** Know thyself.
Mom and Dad, I can't thank you enough for all you've done for me for the last twenty-something years. You both know I think you're the best but it doesn't hurt to tell you one more time. I love you! Oh yeah, thanks for putting me through college. Rebecca, to say that I couldn't have done this without you is an understatement. Among other things you're my editor, therapist, fashion consultant, co-worker, classmate, and soul sister. But, above all, you are absolutely, undeniably, and irrefutably the best friend I've ever had. I love you, man!

I think that Beaver College and I have attained different goals over the last four years. My goal was to become an artist and develop an artistic mentality. Unfortunately for me, Beaver College has strayed from the strong feeling of art since I have arrived. The college has successfully funded more and more physical therapy programs, buildings, and students and has lost touch with art in society. It is very hard to think and feel like an artist when you are trapped in a materialistic environment.

- Ben Wolfgang

Beaver College has expanded my horizons and opened the doors to my success. I hope to give back as much happiness I have been given through my years at Beaver College to the future generation.

- Lisa Anne Guglielmelli

Witnessing Beaver adapt to the growing needs of its students has helped me to see that change is not necessarily a bad thing.

- Letitia Paton

Beaver College has gotten richer, and I have become poorer.

- Jim Lauer

I have learned how to enjoy life and have more fun, and Beaver has done its best to stop me. I have made many good friends, and had lots of great times that I will not soon forget.

- Doug Eaton

I’ve learned that soup is the staple of life at Beaver.

- Nicole Mock

Over the years I’ve grown and learned, not just academically, but also emotionally. I came in a scared freshman and I leave a terrified senior. The only difference is I wondered if I could make it through everything back then, now I know no matter what lies ahead, I’ll be ready.

The entire Log Staff would like to sincerely apologize to all of the coaches, staff, and players who participated in all Beaver College sports. Due to unforeseen circumstances, the sports section was unable to be completed properly.
On November 18, the Residence Hall Council hosted their annual semi-formal. The theme this year was "Winter Magic" with hundreds of little white lights and snowflakes hanging from the ceiling. RHC did a fabulous job transforming the Castle into a magical winter wonderland. This year Doug Eaton and Angela Mattrazzo were named King and Queen along with the court made up of both males and females from every class. This year’s royal court included: Kristen Sock and Dave Bruno from the Class of 1999, Colleen Crumlish and Jamel Esch from the Class of 1998, and Megan Smith and Dan Williams from the Class of 1997.
Masquerade Ball

On October 28, The Residence Hall Council hosted their annual Masquerade Ball in Grey Towers Castle. All those who turned out for this evening of trick-or-treating couldn’t help but be amazed by the spectacular decorations. RHC turned the elegant Rose Room into an eerie Halloween graveyard, complete with a giant spider web hanging from the ceiling. However, the most exciting decorations were the two giant spiders constructed from over 300 balloons each that hung from the archways.

All those who came in costume were entered into a costume contest for best costume, best pair/couple, funniest costume, and the ever traditional scariest costume. Prizes were awarded.
This year’s Spring Fling Weekend was held April 19 through April 21. The festivities began with the groundbreaking ceremony for the new residence hall and dining hall expansions. That afternoon was Beaver College’s annual Beaver Blitz, held outside the library on the lawn. Activities such as virtual reality, the dunk tank, twister, and tie dying joined new activities such as jousting, human foosball, the velco wall, and zoo on wheels. There were clowns with balloons, face painting, funnel cakes, and cotton candy on hand as well. The fun continued Friday night with Crimson Tide, the year’s “Great College Drive-In Movie”.

Saturday afternoon was Woodstock. This year’s event featured three bands that provided a range of music. Jade’s Parlor, including 1994 Beaver Alumni Everett Bebe, kicked off the event. Next up was Inna Sence with their reggae sound, and rounding off the day’s activities was the music of Slippery and the New Generation X.
Groundbreaking

Spring Fling Weekend began with the groundbreaking ceremony for the new residence hall and dining hall expansion. Faculty, staff, students, and the Board of Trustees gathered during the sunny morning hours on the site of the new residence hall to officially kick things off. After a speech from President Landman, various pictures were taken to commemorate the event.
Graduation

This year graduation was held on Friday, May 17, 1996. Friends and family gathered with the graduates on the soccer field for the ceremony. A few clouds threatened overhead, but the sun couldn’t help but shine through on this joyous day. This year’s guest speaker was Philadelphia Mayor Ed Rendel. After the ceremony, the new graduates joined their family and friends for refreshments. Good luck Beaver College Class of 1996, we wish you nothing but success in the future!

To some people, average is good enough. We disagree.
