

**Virtual GALILEO-W: Conference 2020:  
Collaboration Among Change-makers**

**Virtual Event Dates April 17-May 1, 2020**

**GALILEO-W Virtual Experience 2020; On April 17, 2020, we will launch a virtual site that contains our Conference Platform, which will house video collections of the work submitted to us by our scheduled poster presenters, workshop session leaders, community organizations, and professional panels.**

**For two weeks we invite you to explore these videos, and to submit questions to the presenters. Those questions will be answered during 3 separate mini live virtual discussions after the 2 week period. *Join our presenters live, May 2nd* as they answer your questions, as well as discuss, with their co-presenters, how they may answer those questions across the disciplines and *how we could work together towards solutions.***

**\*Anyone who submits a question will automatically be entered into our raffle to win prizes, that we will mail.**

GALILEO-W Graduate Students of Arcadia Leading an Interdisciplinary Lens to Explore Ourselves and the World Conference.
